SENATE HEARS WARNING FROM PREMIER

Disorders In France As New Government Breaks Up Leagues

Scores of Croix De Feu Men in Jail After Fighting Police in Paris Streets; Sailors Strike and Hoist Red Flags on Ships at Marseilles Wharves

Associated Press

Paris, June 22.—Sailors aboard the French ships in the harbor of Marseilles suddenly went on strike today and hoisted red flags on the halyards.

The men refused to obey their officers' orders and blocked the officers when the latter tried to remove the banners on the instruction of ships' owners.

In Paris today, police broke up a handkerchief-waving demonstration by 1,000 members of dissolved Rightist leagues at the St. Lazare Station. The Rightists were waving red, white and blue handkerchiefs, the national colors.

The handkerchief-wavers were answered by a counter-demonstration of Leftists in the crowded station. The latter brandished uprisen fists in the "People's Front" salute.

Both factions of demonstrators were dispersed without injuries.

FIGHTS STAGED YESTERDAY
Fresh warnings of a continued "counter-revolution" were hurled at the government by militant nationalists.

The threats came on the heels of hand-to-hand fighting in Paris streets yesterday between police and members of the Croix de Feu, an armed Rightist league.

Scores of Rightists were taken to jail after the encounters, which resulted during a demonstration against the "Sovietization" policy of the Leftist government. Three policemen were injured.

NEW ORDERS COMING
The government declared new decrees aimed at dissolution of the four principal Rightist leagues were to be signed to prevent the armed legions from escaping the original disarmament order.

The nationalist movement gained momentum in a mass meeting at Marseilles when Simon Sabiani, former mayor of the city, asked if 10,000 men were willing to follow him "to death."

"With 10,000 men without fear of violence or death I could clean up the streets of Marseilles," he shouted.

"I know the gravity of my words, but this is not the time for hesitation," he audience roared "Yes, yes," to his suggestion.

UPRISING REPORTS
The appearance in Paris of an English Sunday newspaper (The Sunday Dispatch) carrying a seven-column headline: "France and Belgium heading for Revolution; Scenes of Horror; Tourists Fear for Their Lives," evoked denial from the government.

Regatta Will Bring Many Yachtsmen Here

Three Hundred Expected in Victoria Next Week For Events Which Will Be Held Off Waterfront

Victoria will be invaded next week by 300 Pacific Coast yachtsmen and their friends, who will gather here for the annual Pacific International Yacht Racing Association's regatta. This year's regatta promises to be one of the largest in recent years. Between fifty and sixty yachts will be moored here for the week.

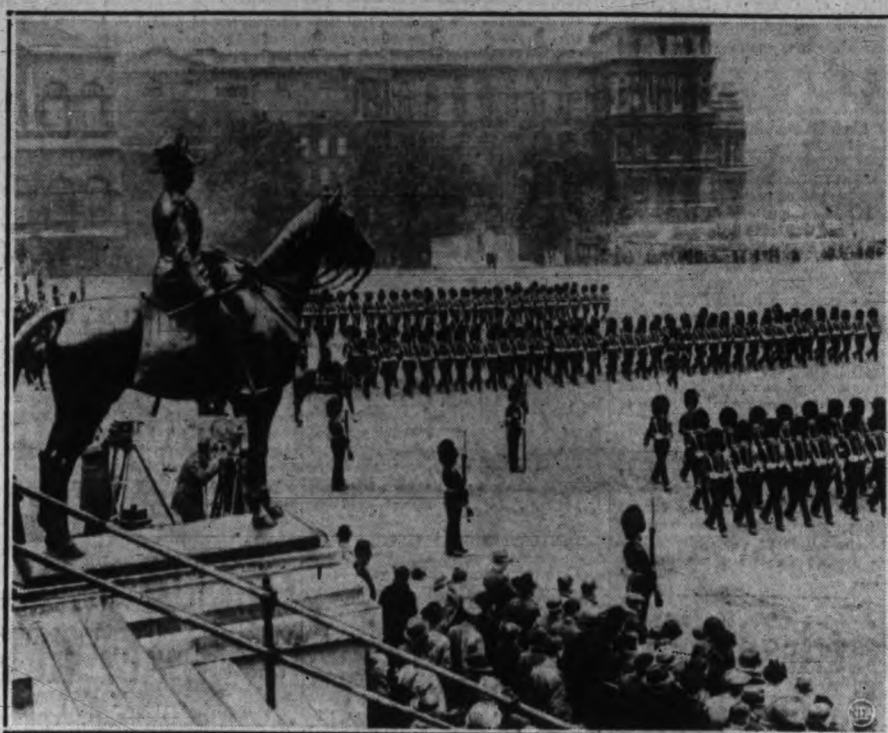

Lieut. - Governor Hamber's big yacht Veneador arrived at Cadboro Bay over the week-end. She will be here most of the summer. Much of the entertaining during regatta week will be aboard Veneador; one of the largest and most luxurious yachts in the Pacific Northwest.

Capt. James Griffiths of Seattle will be over aboard Gueja III, another of the northwest's largest yachts. The ninety-two-foot cruiser K'Thanga of Los Angeles, owned by Afa V. Call, will be at Cadboro Bay for regatta week on her way to Alaska.

The last international regatta was held in Victoria in 1921. The racing courses this year will be in Cadboro Bay, off Victoria waterfront and off the Royal Roads.

LIPTON TROPHIES
One of the features of the regatta, as usual, will be the contest for the Sir Thomas Lipton Perpetual Trophy for schooners, ketches and yawls, starting off the entrance to Victoria harbor, to the stake boat off Edis Hook, Port Angeles, and return to the finish line. This race will be on Tuesday.

KING EDWARD'S BIRTHDAY TOMORROW WILL BE HONORED BY TROOPS

Canadian Press

London, June 22.—King Edward tomorrow will observe his forty-second birthday—his first since his accession to the throne—by attending the traditional ceremony of trooping the colors in the Horse Guards Parade.

In the evening there will be a private dinner party for members of the Royal Family.

The birthday observance will be comparatively quiet because of court mourning for the late King George.

The picture above gives a glimpse of a unit of the Guards as they practiced for tomorrow's ceremony.

Canadian Medical Convention Opens In Victoria Today

Doctors From All Over Canada and Many United States Points at Empress Hotel For Opening Sessions of Conference

With 425 reservations received from medical men in all parts of Canada and many points in the United States, and with 300 doctors already registered, the sixty-seventh annual convention of the Canadian Medical Association opened at the Empress Hotel this morning.

The convention will continue until Friday, with the remainder of the medical men who will attend arriving tomorrow and Wednesday. This morning the council of the association was in session in the lower lounge of the hotel receiving reports on the last year's activities and shaping policy for the future.

At noon the council members were guests of the president-elect, Dr. Hermann M. Robertson of this city, at luncheon.

WORKED ON INSULIN
Prominent among the medical men to be seen in the hotel public rooms this morning was Dr. J. B. Collip of McGill University, who worked with Sir Frederick Banting and Dr. Charles Best at the time of Dr. Banting's discovery of the insulin treatment for diabetes.

The three doctors will receive the Frederick Newton Glasstone Starr award during the convention in honor of their work in this connection.

Interviewed at the hotel this morning, Dr. Collip spoke of his pleasure at being in Victoria, and mentioned that he had driven up here from Los Angeles.

SS. QUEEN MARY'S TIME IS SLOWER

New York, June 22.—The new liner Queen Mary, pride of the British merchant marine, reached New York today for the second time, almost four hours slower in crossing the Atlantic than on her maiden trip.

The ship's log showed she required four days sixteen hours and thirteen minutes, and had averaged 28.14 knots for the 3,158 nautical miles she traveled.

Forest Output Is Well Ahead

Log Scale in B.C. For Five Months Up 18 Per Cent This Year

The provincial government log scale, which indicates production of timber from British Columbia forests, showed a gain of about 18 per cent in the first five months of this year, as compared with 1935, and an increase of 50 per cent over 1934, according to figures obtained today.

The scale up to the end of May was 978,682,169 board feet, compared with 821,686,715 feet at the same date last year and 649,756,895 in 1934.

The May scale was well up, showing a total of 256,544,426 feet, against 252,364,338 feet last year and 171,421,500 feet in 1934. There is usually a lag of some weeks in the figures, so that the effect of the logging strike in May will not appear until the June returns.

Next month production will drop off because most of the larger operations will have their annual shut-down due to the fire hazard.

Depredations In Doukhobor Colony

Bomb and Fire Rake Three Schools, Sawmill and Hall in Community Near Nelson

Nelson, B.C., June 22.—Quiet reign in the Doukhobor colony near Nelson today following an outbreak of bombing and incendiarism reminiscent of the 1932 and before.

British Columbia police are working to find those who damaged three schools, a sawmill and a community hall Saturday night, but no arrests have been made.

The total losses will be about \$12,000, heavier than at first estimated. The places which suffered were a school at Glade, which was bombed; the Blueberry and Appledale Schools, partially burned; Max Buskin's sawmill at Terry, burned, and the community hall near Glade, partially burned.

CLEARING FIRE
The sawmill operation was a small one, and police are investigating the

possibility its destruction started from a spark from a clearing fire. The outbreak followed sentencing to life imprisonment of Paul Vatkin, Doukhobor convicted at the recent assizes of wilful damage to a bridge at Grand Forks early in May.

Police find the same difficulty in placing the responsibility for the depredations that they found four and five years ago when members of the Sons of Freedom sect were blamed for a succession of bombings and burnings. Whether or not their compatriots could help in identifying them, the police at that time could get no assistance. Finally in 1932 some 500 of the sect were sentenced to three years in the penitentiary for land parading and sent to Pier Island, north of the Sanich Peninsula. After that the Doukhobor country was relatively quiet.

The Sons of Freedom have now been reabsorbed on land in the Doukhobor country. They have continually over a term of years been at odds with the Orthodox Christian Community of Universal Brotherhood branch of Doukhobors and their land parades were staged, they stated, in protest against what they considered injustices from their orthodox brethren.

SUMMER HERE IN EARNEST

Burns and Blisters Lot of Many After Sunday Outdoors

Flaming red faces and sore backs seemed to be the results today of the first really hot Sunday of the present season. The weather was perfect yesterday for the outdoors and there was a general exodus to the beaches and lakes, the parks and the gardens.

The official thermometer at the Meteorological Observatory on Gonzales Hill rose to 73 degrees yesterday afternoon at 2:30 o'clock, but there was a cooling breeze blowing there. In the downtown section and on the beaches and at the lakes it was much higher, some thermometers going as high as 85 between noon and 3 o'clock.

There was every indication today would be even hotter. At noon the temperature was 72 degrees. It was expected to reach 75 by 3 o'clock.

The waters and the sky off Victoria yesterday and today were as clear as those of Hawaii, and the Olympic Mountains and the Sooke Hills stood in bold relief.

There may be a change in this weather, however, as the official weather man, read this morning by W. A. Thorne, superintendent at Gonzales said "moderate, southerly gales; becoming unsettled tonight, followed by showers."

Mediterranean Pact Reported

Italians Tell of Understanding With Britain; No Decision, Says London

Associated Press
Rome, June 22.—Great Britain and Italy have reached an agreement in principle on the main points of a Mediterranean military accord, army circles said today.

Main points of the proposed agreement, regulating British and Italian sea, air and land forces in the Mediterranean region, are: British naval supremacy remains assured. The Italian fleet would be divided into three large units, or squadrons, only one of which would be stationed near waters that might interest Great Britain.

Italy would have the superior air position.

Land forces in Egypt and Libya would be limited to 75,000 men by each country.

The British may fortify Cyprus and Alexandria, in addition to Malta.

NO LONDON STATEMENT
London, June 22.—Admiralty officials were silent today concerning reports current in Rome, Great Britain and Italy have reached an agreement in principle on the main points of a Mediterranean military accord.

Usually well-informed quarters indicated no decision had been reached.

BUSH FIRE NEARS CAMP

Mining Plant at Great Slave Lake Threatened, Say Air Travelers

Edmonton, June 22.—Threatening imminent destruction to the buildings in their path, flames from a bush fire are licking their way toward Major L. T. Burwash's mining camp at Yellowknife Bay, on the north shore of Great Slave Lake, according to passengers on an airplane that reached Edmonton over the week-end from Great Bear Lake.

Meanwhile, herculean efforts of fire-fighters were reported to have saved the northern mining camp at Goldfields, Sask., which had been threatened by another roaring bush fire.

Word was anxiously awaited here today of the fate of the Burwash camp following alarming reports of the scene witnessed from the air.

With Combines Act Deadlocked by Conservative Majority in Senate, Prime Minister Bluntly Declares He Will Not "Crawl on Hands and Knees" to Induce Second Chamber to Agree to Measures Voted by the Elective House; Woodsworth Says People Ready to Have Senate's Powers Curbed

Canadian Press

Ottawa, June 22.—Premier King bluntly told the Senate today it had better reflect for the next month or two its refusal to pass government legislation of an important nature originating in the House of Commons.

While his Liberal followers pounded their desks in approbation, the Prime Minister told the House today he had no intention of crawling "on my hands and knees" to the Senate to seek consideration of government legislation.

Liberal applause was still louder when J. S. Woodsworth, leader of the C.C.F., advised the government the people of Canada would support the government in any steps to curb the power of the Senate to thwart the elected chamber.

INVESTIGATE BROADCAST

Premier King Inquires About Italian Station Predicting Canada to Lift Sanctions

Canadian Press
Ottawa, June 22.—Premier King told the House of Commons today he would launch an investigation into preliminary forecasts by Rome that Canada would drop economic and financial sanctions against Italy.

Conservative Leader Bennett introduced the subject today. He said a Rome radio station, a full day before announcement was made in Ottawa, declared Canada was lifting sanctions because they were worthless.

The Prime Minister said he was unaware of the announcement from Rome, but would have the whole situation investigated.

The Conservative leader said the Rome radio station which made the prediction was under the direct control of the Italian government.

It was on Thursday, June 18, the announcement was made in the House of Commons by the Prime Minister that the Canadian delegates to the League of Nations were instructed to support the move to lift sanctions.

BOY RESCUED
Fort Haney, B.C., June 22.—Mrs. W. McDowell dived into the Alouette River near here yesterday and rescued William Leyburn of Vancouver. The boy was unconscious but revived by first aid treatment.

The woman was sitting in a car some distance from the spot where her husband and some friends were picnicking when she saw the boy was in difficulty and went to his aid.

MEIGHEN'S WORDS QUOTED
It would be futile to seek a conference with the Senate, the Prime Minister said. The Conservative leader there, Senator Meighen, he intended "to resist the position of the Commons."

Mr. Woodsworth remarked it might be a good thing to have a conference if for no other reason than to "pile up a case against the Senate and leave them no loop-holes at all."

DOCUMENTS FOR TRIALS
The proposed change to the Combines Act would permit documents produced in a preliminary registrar's investigation to be used in a subsequent criminal trial. The Prime Minister said the act was rendered worthless, without the change.

The government had several investigations in mind, Mr. King continued, but royal commissions would be used, not the Combines Act. He did not say what investigations were being considered.

U.S. DEMOCRATS IN PHILADELPHIA

Indications Are For Big Majority For Renomination of Roosevelt Despite Attack on Him By Alfred E. Smith

Associated Press
Philadelphia, June 22.—The New Deal hosts rolled into Philadelphia today in colorful convention array, shouting a curtain-raiser of cheers for Franklin D. Roosevelt and a chorus of jeers for another one-time party nominee, Alfred E. Smith.

One after another the arriving party leaders joined in the barrage of scorn, sarcasm and ridicule which fell in Smith's direction for his statement last night in New York, asking Roosevelt and his policies be repudiated at the Democratic convention opening tomorrow.

It was quite apparent the delegates had no intention of following Smith's advice. Roosevelt domination of the convention was conceded everywhere.

The party platform, is being written at the White House, the administration proposal to change the party nomination rules, the expected triumph of the New Deal and the way seems entirely clear for the renomination of Roosevelt and John N. Garner before the week-end.

The only convention business today was a meeting of the National Committee to consider delegate contests from Minnesota, Puerto Rico and the Canal Zone.

Two Found Dead In Small Boat

Port Stanley, Ont., June 22.—Two London, Ont., men who disappeared Sunday on Lake Erie in a small sailing boat were dead when rescuers reached the craft today.

The bodies of the two, Douglas B. Jackson, twenty-one, and Joseph H. Berry, thirty-five, were brought to Port Stanley by a tug.

Dr. C. K. Stewart said he was unable to determine immediately whether death was caused by exposure. He thought an autopsy would be necessary.

LENGTHY DISCUSSION

Platform discussion was quiescent, pending the arrival of Senator R. F. Wagner of New York, who is to head the resolutions committee. But whatever platform draft the New Yorker is bringing from the White House, such subjects as a proposed crop insurance plank, the Townsend plan, a constitutional wage-hour amendment, and currency management seemed assured of prolonged discussion behind the committee doors.

Among the delegates arriving for the convention opening tomorrow, none thus far have risen to support the statement in which Smith and four other anti-New Deal Democrats yesterday evening called on the convention to put aside Roosevelt and nominate "some genuine Democrat" for President. Senator James A. Reed of Missouri and a few others signed the Smith statement.

DARDANELLES PLANS STATED

Turkey at International Conference Proposes Re-fortification; Heavy Police Guard For Delegates

Associated Press

Montreux, Switzerland, June 22.—Under heavy police protection, an international conference to consider Turkey's request to re-fortify the Dardanelles opened in the Palace Hotel here late today.

The extraordinary precautions were the result of rumors at Geneva of plots against members of the Soviet delegation. A Soviet delegate, Vorovsky, was assassinated at Lausanne in 1923 during a previous straits conference.

MUST DEFEND HIMSELF

Tewfik Rustu Aras, Turkish Foreign Minister, told the conference guarantees of world powers no longer operated and Turkey must be able to defend herself.

As the conference began it was disclosed Italy had announced her willingness to participate only when sections are lifted from her.

Nicholas Titulescu, Rumanian Foreign Minister, stressed what he said was the solidarity of the Balkan entente and declared the Dardanelles were the "heart of Turkey and the lungs of Rumania."

Lord Stanhope, British Under-Secretary for Foreign Affairs, said treaties had been abrogated by unilateral action, "but the world situation has not improved."

FOUR-POINT PLAN

Turkey had ready a four-point plan to lift the treaty ban against fortification of the Dardanelles and would restrict naval tonnage entering the Black Sea.

The proposals were stated authoritatively to embrace:

1. Complete liberty of passage for commercial vessels through the straits.

2. The ending of the demilitarization restrictions imposed on Turkey by the Treaty of Lausanne.

WARSHIP LIMITATIONS

3. Limitation of the warship tonnage of any country passing into the Black Sea to 14,000 tons, with a provision that the total tonnage of all powers could not simultaneously exceed 28,000 tons.

4. Prohibition of submarine passage. The conference, called at Turkey's request to go into the matter of the Dardanelles, a strategic point between Europe and Asia for centuries past, New Deal on grounds of fundamental Americanism, at the precise time when some leftist were organizing behind the third party ticket of Representative W. Lemke of North Dakota, brought up new factors. Did it mean Smith and that veteran stumper, Reed, would support or campaign for London and Knox, the Republican candidate for President and Vice-President?

"BUSY PRESIDENCY"

Smith's statement suggested the delegates to the convention at Philadelphia be "American rather than anything else;... take the heavy hand of government off business;... put an end to the campaign, now under full swing, to buy the presidency by the misuse of funds generously given by the people of the United States to alleviate want and distress;... preserve the constitution; and under it the... independent branches of government."

SENATE SEES FINAL BILLS

Canadian Press

Ottawa, June 22.—After protests from Liberal and Conservative Senators at delay by the Commons in sending over the legislation in the dying days of the session, the Upper House today gave final reading to the bill amending the Copyright Act.

Hon. Esau Dandurand, Liberal leader, Senator Arthur Marcotte, Conservative, Saskatchewan; Senator George F. Graham, Liberal; Ontario; and Senator Charles Tanner, Conservative, Nova Scotia, joined in the protest. The bill should have reached the Senate to give more time for consideration of the rights of authors, particularly Canadian authors, they declared.

The bill amending the Unemployment Relief Assistance Act of 1936 was put through third reading.

TRANSIENTS ARE HELD FOR FIRE

Canadian Press

Kelowna, B.C., June 22.—Police today held five transients for investigation in connection with a fire that resulted in the death of John Edward Leslie, sixty-five, here yesterday.

Leslie was overcome by smoke when a fire, which started in an adjoining woodshed, destroyed his shack.

Only of the men held was reported to have been found asleep outside the shack. Police said he was intoxicated. The other four men were known to have been in company with Leslie previously.

WANTS HIGH BASIC WAGES

NEW ZEALAND LABOR MINISTER SETS NEW STANDARD

Canadian Press

Wellington, N.Z., June 22.—Hon. W. H. T. Armstrong, Minister of Labor, said today in an explanation of legislation to implement basic wage rates:

"I shall not be satisfied until the workers of New Zealand are living up to the standard of an American millionaire."

Discussing an order issued for the guidance of the arbitration court on basic wage rates, Mr. Armstrong said the government intended wages in New Zealand should be higher than those in Australia.

The Industrial Conciliation Arbitration Act provides for a fixed minimum wage, a forty-hour week and compulsory arbitration for both employers and employees of disputes in this connection. It is also laid down basic wages for men must be sufficient to provide a reasonable standard of living for a man, his wife and three children.

ANNEXATION NOT ADMITTED

Eden Tells Commons Britain Does Not Recognize Ethiopia as Italian

Associated Press

London, June 22.—Foreign Secretary Anthony Eden told the House of Commons today the British government does not recognize Italy's annexation of Ethiopia.

Questioned by members of the House concerning the government's stand on this question, Mr. Eden replied:

"His Majesty's government has no intention at the forthcoming meeting of the League of proposing or assenting to the recognition of Italy's annexation of Ethiopia."

Mr. Eden told the House last week Great Britain would move at Geneva for the abolition of the League of Nations sanctions against Italy.

FACT OF PARIS

A member asked whether Great Britain would consult the other signatories of the Pact of Paris "with a view of appropriate action being taken to deal with the breach of Italy of the obligations under the treaty."

Mr. Eden replied: "No, sir."

The Foreign Secretary disclosed Great Britain had shut off the supply of arms from the Sudan into western Ethiopia where, he said, so far as the government knows, the territory is in the hands of the Galla tribesmen, hostile to the Haile Selassie regime.

DISMISSALS TO BE INVESTIGATED

Appointments Also to Be Up at Next Session, Premier Tells Commons

Canadian Press

Ottawa, June 22.—Hon. R. B. Bennett, Conservative leader, charged in the House of Commons today two cases of gross injustice in connection with the dismissals from government service had taken place in the province of Quebec. Liberal members had certified civil servants guilty of partisanship when they had not personal knowledge of the facts and when the men took no part in politics, he claimed.

One man was chauffeur for the Public Works Department at Quebec. He had given good service for twenty-one years and was the father of eight children.

He asked the government to make a full investigation, and said he was sure the government did not consciously wish to do an injustice.

INQUIRY NEXT SESSION

Prime Minister Mackenzie King said there would be a full inquiry into dismissals and appointments to the public service by a parliamentary committee next session. He thought Mr. Bennett was suggesting a rule for the present government that the Conservatives had followed when in office.

There had been more than 6,000 dismissals in five years Conservative rule and no investigations.

THEY OPPOSE RENOMINATION OF ROOSEVELT

Governor Eugene Talmadge of Georgia, right, and Alfred E. Associated Press

Atlanta, Ga., June 22.—Governor Eugene Talmadge, New Deal critic, today urged Alfred E. Smith and other disaffected Democrats to "line up with me on my plan to fight the New Deal and Roosevelt within the Democratic Party."

The Georgia executive made it plain he did not intend to bolt the party ticket.

"I am a party man," Talmadge said, hanging his fist on his desk. "I am opposed to Roosevelt being the nominee of the party."

"I am opposed to New Deal policies. I think I've been of great assistance to the American people in bringing cases to the Supreme Court in the name of the state of Georgia in order to defeat certain New Deal policies."

"But I want it understood I am in the Democratic Party, and there to stay."

STREET FIGHTS IN BUCHAREST

Associated Press

Bucharest, Rumania, June 22.—Soldiers with fixed bayonets guarded streets today to prevent further street fighting attributed to rising feeling against Madame Magda Lupescu, red-haired friend of King Carol.

Two persons were reported dead after disorders yesterday and a third was in a serious condition. More than 100 were arrested following the fighting, which began between rival bands of newspaper sellers.

Police using hose and firing into crowds which thronged the downtown section of the city eventually quelled the disorders.

One of the papers has been advocating anti-Semitism for several weeks, its criticisms centring on Madame Lupescu, who is of Jewish extraction. Two Jewish newspapers assailed the anti-Semitic articles.

Bucharest, Rumania, June 22.—Soldiers with fixed bayonets guarded streets today to prevent further street fighting attributed to rising feeling against Madame Magda Lupescu, red-haired friend of King Carol.

Two persons were reported dead after disorders yesterday and a third was in a serious condition. More than 100 were arrested following the fighting, which began between rival bands of newspaper sellers.

Police using hose and firing into crowds which thronged the downtown section of the city eventually quelled the disorders.

One of the papers has been advocating anti-Semitism for several weeks, its criticisms centring on Madame Lupescu, who is of Jewish extraction. Two Jewish newspapers assailed the anti-Semitic articles.

Japanese Say Commission Co-ordinates Kwangsi-Kwangtung Army Moves

Associated Press

Canton, June 22.—Formation of a southwestern political affairs commission to co-ordinate the activities of Kwangsi and Kwangtung troops was reported today by the Domei (Japanese) news agency.

The commission is composed of authorities from Kwangtung and Kwangsi provinces of the Canton (southern) Chinese government, the agency declared. Its leader was declared to be Gen. Chan Chai-tong, Cantonese rebel chief.

The new commission, the agency said, "constitutes an open challenge to Nanking (central government authority)."

SAY NANKING AGGRESSOR

Southwestern leaders, it was reported, ignored an ultimatum from Nanking to withdraw their troops from Hunan province, which is attacked to the central government.

Instead the Canton leaders telegraphed Nanking saying the southern forces "are now entirely withdrawn from Hunan," the Japanese agency said.

"Nanking is now the aggressor threatening civil war," the message continued, according to the agency. "We urge the withdrawal of Nanking forces and designation of routes of march for the northern anti-Japanese expedition in the interests of national unity."

From three other Chinese cities came news of developments in the political and military situation, considered grave since the Canton government urged a union with Nanking to march against what it called "Japanese aggression."

A Chinese customs cruiser, reports from Twintai said, fired on a Japanese vessel off Tang

B. W. Von Buelow Dies in Berlin

Foreign Minister of Germany Succumbs

Berlin, June 22.—Bernard W. von Buelow, German Secretary of State for Foreign Affairs, died yesterday of complications from a lung inflammation by gripe. He was fifty-one years old.

Von Buelow, who was born June 19, 1885, was taken ill with a severe case of the grip May 31, and complications set in.

A bachelor, the diplomat was considered to be one of the most studious and hard-working men in the German diplomatic service. His death deprived the Foreign Office of its most renowned member and opens the way for Adolf Hitler to place his own candidate in this key spot.

Among mentioned successors to Von Buelow are Joachim von Ribbentrop, now Hitler's personal ambassador extraordinary, and Dr. Hans H. Dieckhoff.

Plight of Lowly Is King Edward's Chief Concern In Early Part of Reign

People Are Impressed By Humanness of New Ruler

London Correspondence
London, June 22.—Edward the Eighth, who has been sovereign of the Empire since midnight of January 20 and who will be forty-two years old tomorrow, has already, in his brief reign of five months, impressed on the British people the fact he is primarily a human being of warm impulses and direct manners.

He neither is nor wants to be a mere stuffed shirt or symbol of empire. He put it tersely and sympathetically in a recent short speech in which he said:

"I am the same person I was when I was Prince of Wales."

SPEAKS HIS THOUGHTS
For the people that simple sentence had a wealth of implications. As Prince of Wales he had always been as outspoken as his royal position in a constitutional kingdom allowed him to be. Known the world over as the "Prince of Wales," Britain's best commercial traveler, at home he always seemed to have especially at heart three things:

1. The well-being of the former soldiers whose deeds of valor, and endurance he witnessed in France by being in the trenches with them.
2. Pushing by all the means in his power every effort to relieve the tragedy of unemployment.
3. Fighting the slum evil and practicing what he preached by tearing down the tenements on his own estates and putting up model flats for working men and their families.

SUSTAINS OLD INTERESTS
At every opportunity he has had since he became King, he has shown that these things still lie very close to his heart. For instance, in April, receiving deputations representing many classes and creeds of his subjects, he said earnestly:

"I have witnessed the horrors of war... I got to know the hardships of the men at the front... I realize the hardships of those since then who, through no fault of their own, have had the misfortune to endure long periods of unemployment. With all sincerity, therefore, I not only join in your prayers that the future may bring peace and prosperity to this country, but I would assure you that my constant endeavor will be to promote the establishment of peace throughout the world..."

"As Prince of Wales I bore a device with an ancient motto: 'I serve.' As King, I shall hold this in constant remembrance, for a king can perform no higher function than that of service."

Baldwin Defends Sanctions Course

British Government Believes Penalties on Italy Should Be Lifted as Their Usefulness Has Ended, Says Premier

Canberra Press from Havas
Colindale, Scotland, June 22.—Mr. Baldwin could stop Italy from achieving its desired ends, in Ethiopia, Prime Minister Stanley Baldwin warned in a speech here Saturday evening, defending his government's attitude toward sanctions.

Sanctions were primarily designed to prevent war, he asserted, declaring, "collective security will never work unless the nations who take part in it are prepared simultaneously to threaten with military sanctions and, if necessary, to fight."

The Prime Minister, who spoke to a mass meeting of Conservatives, continued:

"Whatever the perils of the future may be, and whatever may be the ambitions locked in the breasts of dictators, they know as well as we know what another war in Europe would mean, it would be the end of civilization."

Stressing the inevitability of war if a "realistic" policy were not adopted, Mr. Baldwin said he did not know a single country in Europe prepared for that.

DISARMAMENT HOPES
Expressing hope some measure of disarmament may yet be achieved, he said, "we must see that if we ever have to fight against our people have the best that there is to fight with, both in quality and quantity, and that no risks are taken beyond risks which might fairly be assumed by a gallant but far-seeing nation."

"I have nothing to apologize for," he said in reference to his government's attitude on the sanction question. "We think it right to drop them because we do not believe their continuance, even if all nations desire it, could serve any useful or effective purpose."

ONLY ONE ALTERNATIVE
"Sanctions are put on for stopping war. They were not devised for purely punitive purposes. In my view, there is only one way of altering the course of events as they have

KING EDWARD VIII

The people of England have seen a new young King who has buckled right down to his job with intense seriousness. In his working days, he spends long hours going over state papers which must come before him and doing other formal things demanded of a British King. One of the most touching of these was on April 9 when he went to Westminster Abbey personally to bestow Maundy money on forty-two old men and forty-two old women, the number forty-two equalling that of his years. It was the second time in 250 years that a British sovereign had "made his maundy" in person. The last time was when his father did so in 1903. In all such state matters he follows an inclination piously to follow in his father's footsteps.

But in less formal affairs or in affairs that he chooses to make informal, he has already shown himself to be himself and no shadow of King George. It was for this reason that when the official period of mourning for the royal family is over many expect a rather new deal with a new slant on things given by King Edward himself.

CONTINUES TO FLY
People thought that when he came to the throne he would give up flying. He shows no inclination to do so. In fact, before King George was buried, King Edward and the Duke of York flew together to London to make arrangements for the funeral. People held their breath. Had that plane had a fatal crash, little Prince Elizabeth, the Duke of York's eldest daughter, would have been Sovereign. The King has flown a number of times since then and shows every inclination to continue doing so.

SEEN WALKING
He has broken kindly precedents in other ways, too. If he wants to visit the business offices of his Duchy of Cornwall, not far from Buckingham Palace, he walks just like plain John Smith. He does not wait for his car. It is raining, and, like John Smith, he holds his umbrella and trudges along.

REORGANIZATION NOT ACCEPTABLE
Quebec, June 22.—The planned reorganization of Price Brothers Company, submitted at a meeting here last April by the trustee in bankruptcy of the firm, is not acceptable, Judge Romeo Langlais ruled Saturday.

The judge said he could find nothing in the law stating the shareholders, common or preferred, can have anything to say in connection with the acceptance or refusal of any project or agreement. He ordered all parties assessed with the costs of the court.

At the time the vote was taken on the company's reorganization plan, both common and preferred shareholders voted in favor of the arrangement. The creditors, including Saguenay Power Company, Aluminum Company, Alma and Jonquiere Railway Company and Geoffroy and Prud'homme opposed the scheme on the ground it was unsound.

DUCE WARNS SANCTIONISTS
Says Army Can Take Care of Countries "Crazy With Heat"

Associated Press
Rome, June 22.—Premier Mussolini declared Italy can take care of those nations which are "crazy with the heat."

Addressing the colorful Bersaglieri troops in the Piazza Venezia yesterday, Il Duce asserted he knew "what the armed force of all Italians can do if those who have been called crazy with the heat will not be brought back to reason or at least reduced to impotence."

His phrase, "crazy with the heat," echoed that of the press recently in referring to ultra-sanctionists who demand a continuance of sanctions. The Bersaglieri soldiers, wearing black hats with drooping rooster feathers, celebrated the one hundredth anniversary of their formation and honored the memory of King Carlo Alberto of Sardinia.

"Victory is all ours, only ours and indisputably ours," Mussolini told the troops with whom he fought in the Great War.

And then he demanded: "At the beginning of the second century do you hereby take an oath that the second century will be still richer in glory than the first?"

A great shout of "Si!" (yes) roared in reply.

LOG WORKERS DROWNED
Mission City, B. C., June 22 (Canadian Press).—Francis Pons, logging company employee, was drowned in Slave Lake, near here, yesterday, when he slipped while at work on a boom and fell into the water, a report to provincial police said.

Forty-two Tomorrow, But There Is Still No Real Hint He Will Marry

Early in May there was the annual flower show in London. The King is an ardent gardener on his bachelor estate at Fort Belvedere. Without any previous announcement, he said a surprise visit to the show. He thus cut the fume and feathers. It was a hot day and he wore a straw hat, thereby doing a good turn to the English straw hat manufacturers. Also he wore no vest—again just like plain John Smith on a hot day. He lighted and puffed away at a cigarette and chatted with the gardeners in charge of some of the exhibits. To one, discussing weather, which had been rather dry, he said:

"Thank goodness we did have a half hour's rain out at my place at Fort Belvedere, but that was all. It is miserable for us amateur gardeners, but I suppose you professionals do not mind so much."

ACCLAIMED BY SHIPWORKERS
Partly, perhaps, to boost the steamship Queen Mary and actually just as much because he was genuinely interested, he paid two visits to the great vessel. One was early in March when the ship was still lying in the yard basin in Glasgow, only completed as to her exterior and her engine rooms. The big Scottish city is a hotbed of radicalism, but nowhere did the King get a warmer reception than from the men who built the ship. This was repeated when he paid a surprise visit to the slum district of Glasgow, one of the worst in the world.

Two days before the Queen Mary sailed on her maiden voyage to New York on May 27, the entire royal family visited her in her now completed state. The King went to Southampton in his big airplane and had his pilot circle over the ship several times while he photographed her from the air just like any other photo fan.

NO MARRIAGE PLANS
One other thing in his five months' reign stands out. Parliament discussed and passed the King's civil list. The crown lands, whose revenues once went entirely to the sovereign, now by agreement, yield that money to the country's treasury. In return, Parliament votes grants for the civil list of the royal family and the state wins on the deal. King Edward's, at his request, was fixed at \$2,000,000.

When for a few days caused excited tongue-wagging was the provision that, if the King married, the new Queen would get \$125,000 per annum and if a son and heir were born the baby would get \$125,000 per annum. It was thought by some this was the prelude to an announcement of the King's betrothal. Cool second thought saw it was just one of those legal provisions—in case. But there are no "in case" indications as yet. At forty-two, the King still seems a confirmed bachelor.

King Edward To Visit Riviera

Villa Near Cannes Is Prepared For Occupancy By Monarch

Canberra Press from Havas
Cannes, France, June 22.—King Edward VIII will find a vacation paradise when he arrives here this summer to spend some time at Chateau de l'Horizon, the luxurious villa on the edge of the blue Mediterranean.

A swarm of workmen and servants were busy today in expectation of the King's visit.

Purchased on one of the rocky inlets dotting the shore between Cannes and the Juan Gulf, the Chateau affords an idyllic retreat. The roomy and luxuriously-appointed villa, built in 1901, and now owned by Maxine Elliott, the actress, is but a stone's throw from the Mediterranean retreat where the King, then Prince of Wales, spent his honeymoon. The Chateau de l'Horizon, the luxurious villa on the edge of the blue Mediterranean.

Surrounded by a thick curtain of trees, the chateau can be reached only by a narrow bridge over the nearby railway line or by boat. It faces toward Cannes and King Edward will have a view of the Riviera playground and the distant Lérins Islands.

Townsend May Back Lemke

U.S. Presidential Candidate Called on to Accept Old Age Pensions Plan

Associated Press
New York, June 22.—Dr. Francis E. Townsend, organizer-leader of the old-age revolving pensions plan, has decided "personally to back the candidacy of Representative William Lemke for United States president" provided the North Dakota "accepts unequivocally the old-age pension idea."

He said he could not speak for his followers and that public endorsement would be made by Townsendites only after the Townsend convention in Cleveland July 15.

Dr. Townsend came here from Syracuse with Rev. Gerald L. K. Smith, head of the Share-Our-Wealth movement, to await a meeting with Representative Lemke, probably today or Tuesday.

Mr. Smith, former aide to the late Senator Huey Long, said there was "not much essential difference" between my group and Dr. Townsend's.

In Oshkosh, Wis., however, Wisconsin's farmer-labor Progressive Federation, coalition of the state's Progressive and Socialist parties, turned thumbs down yesterday on the new Union Party.

BY-ELECTION IN EDMONTON

No Social Credit Candidate Among Three Seeking Legislature Seat

Canadian Press
Edmonton, June 22.—The Alberta Social Credit League, swept into power in the provincial general election last August 22, has no candidate in the Edmonton provincial by-election today.

Three candidates, Dr. Walter Morish, Liberal; Alderman Margaret Crang, Unity Front; and Alderman H. D. Almy, Co-operative Commonwealth Federation, are before the people for the seat vacated by W. R. Hovson on his appointment to the Alberta Supreme Court bench.

Polls opened at 9 a.m. and will close at 7 p.m. M.S.T. Balloting will be under the single transferable vote system.

With only one seat to be filled, the single transferable vote is being used. A candidate will be elected on the first count if he has at least one more than 50 per cent of the votes polled. If none has, the lowest second choices on his votes are discarded and the process is repeated.

In the general election last August twenty-seven candidates contested the six Edmonton seats. Besides Mr. Hovson, two other Liberals, Two Social Crediters and one Conservative were elected.

Standing in the Alberta legislature now is: Social Credit, 58; Liberals, 4; Conservatives, 2; vacant, 1. Total 63.

In the only other by-election since the general election, Premier Aberhart and Hon. C. C. Ross, Minister of Lands and Mines, were elected by acclamation last November 4 for Okotoks-High River and Athabasca respectively.

Germany Bans The Dionne Film

Canberra Press from Havas
Paris, June 22.—Germans who are urged daily to create bigger and better families for the strength of the Third Reich, will not be permitted to see "The Country Doctor," film record of the Dionne quintuplets, The Paris Tages Zeitung reported today. Some non-Aryan hand in the making of the picture, in which the quintuplets are starred, is responsible for the ban, the paper said.

FIFTEEN DIE IN ACCIDENTS

Week-end Toll in Ontario Nine; in Quebec Six

Canberra Press
Toronto, June 22.—Nine lives were lost in week-end tragedies in Ontario. Six drowned, two were killed in automobile accidents and Don Commanda, an Indian, was killed by a train at North Bay.

A rowboat ferrying seven men across the Ottawa River from the Petawawa military camp at Fort William, Que., capsized when a squall struck it. William Mackie, thirty-two, Braeside, Ont.; Auguste Roy, thirty-five, Three Rivers, Que., and Gunner John Clifton of the Royal Canadian Horse Artillery, drowned. Four others clung to the hull until rescued by Francis Wallace of Fort William with a motorboat.

A rear-wheel collapsed on an automobile near Pembroke Saturday, and projected Mrs. Gustave Pelletier, fifty-nine, through the top of her husband's car with fatal results.

DEATHS IN QUEBEC
Montreal, June 22 (Canadian Press).—Six persons died violent deaths in Quebec province during the week-end and eighteen were injured in various mishaps, most of them motor accidents.

OLD P.E.I. PENNY FOUND ON FARM

Canberra Press
Suffolk, P.E.I., June 22.—While ploughing on his farm here James Blackmore found in a furrow an old Prince Edward Island penny dated 1855. One side of the coin bore the inscription "Prince Edward Island, 1855," and the other "Self-government and Free Trade."

PROFESSOR IN VIENNA SHOT

Political Motive in Killing of Dr. M. Schlick Suspected By Police

Vienna, June 22.—Prof. Maurice Schlick, director of philosophical studies at the University of Vienna, was killed today.

Dr. Schlick, one of the best known men in his field here and abroad, was killed, police said by a man named Nelbock, who fired several shots at him.

Police first believed the slaying was a matter of personal vengeance, but later considered the possibility of a political background to the crime.

Prof. Schlick, whose wife is from the United States, taught at the University of California at Berkeley and Kiel University in Germany. He was a member of the Society of Philosophical Studies of England.

Premier to Take Salary in Bonds

Aberhart Willing to Accept Alberta's New "Prosperity Certificates"

Canberra Press
Calgary, June 22.—For his dual role of Premier of Alberta and Minister of Education, Hon. William Aberhart is willing to take his salary in "Prosperity Bonds."

"I don't see why not," he said yesterday in answering a correspondent at a rally day service in the Calgary Prophetic Bible Institute. "I have no more confidence in bank paper," he added, "than I have in Prosperity Bonds."

"Our proposal is to lend to the people so the unemployed, and those short of purchasing power may be assisted," the Premier explained in outlining the bond plan. It was a loan without interest to be paid for at the rate of 1 per cent a week.

WIDE OPPOSITION
There was plenty of opposition to it. He believed this indicated "we are on the right track."

"If they know it is impossible," he added, "why should they (the opposition) rave about it? Why don't they fold their arms and let us hang ourselves?"

"Henchmen of financiers," he declared, had spread misrepresentation and "stuff and nonsense" about the government's plans.

"If they fight with such vim now, what will they do when we start to introduce Social Credit and the payment of dividends?" he asked.

Fire Destroys Institute Hall

Blaze Guts Salt Spring Building; Scout Picnic Held

Salt Spring, June 22.—Fire of undetermined origin totally destroyed the fine institute hall at Palford, South Salt Spring Island. The fire was first noticed shortly before 3 o'clock Friday morning by nearby residents, the blaze lighting the entire district. By the time assistance was secured, the fire had gained too strong a hold for anything to be done and in a short time the building was reduced to a heap of ashes. The hall was partly covered by insurance.

At the monthly meeting of the Guild of Sunshine Thursday afternoon at the home of the president, Mrs. G. J. Mount, plans were announced for a garden party and silver tea at the home of Mrs. H. Cross on July 16.

Twenty-five Years Ago Today

JUNE 23, 1911

(From The Times Files)

London, June 22.—King George V, eighth of the House of Hanover, was today crowned King of the British Empire and given the public homage of his world-wide subjects. With his consort, Queen Mary, His Majesty was crowned in the Abbey of Westminster with all the wealth of religious rites and royal ceremonial prescribed by custom.

W. S. Drewry, since October, 1909 chief water commissioner for British Columbia, has tendered to the minister his resignation of that office, and it is understood will shortly be appointed as inspector of surveyors. J. F. Armstrong, government agent at Cranbrook, is slated to succeed him as chief water commissioner.

What might be regarded as the official opening of the public celebra-

tions of the coronation was held in the Metropolitan Methodist Church last night, when a special religious service of a dignified and appropriate nature was given under the auspices of the Ministerial Association.

In the First Presbyterian Church, yesterday evening Rev. Dr. Campbell celebrated the marriage of Mr. Charles Gordon Jameson and Margaret Helen, daughter of Mr. John B. Lovell. The bridegroom was supported by Mr. John Blair Jameson and the bride was accompanied by her sister, Miss Catherine M. Lovell. Mr. and Mrs. Jameson will spend their honeymoon at Banff.

CAR LOADINGS

Ottawa, June 22 (Canadian Press).—Car loadings for the week ended June 13 amounted to 45,920 cars, an increase of 959 over the previous week and a gain of 194 compared with the corresponding week in 1935, the Dominion Bureau of Statistics reported.

In comparison with last year, grain declined 874 cars. The eastern division was up 699 cars and the western division down 1,573. Livestock increased by 878 cars.

APPOINTMENT TO INSURANCE STAFF

D. K. Bell of Vancouver will join the staff of the B.C. Health Insurance Commission here next week to do statistical work. It was announced on Saturday.

Mr. Bell, an honor graduate of U.B.C., headed the class in commerce and finance this week. He has several years of practical experience in statistical work.

His appointment is the first of a number of experts who will work under the health insurance commission in drafting details of the scheme which will go into operation at the end of this year in British Columbia. A director of medical services will be chosen soon. It is understood.

ECONOMIC INDEX UP

Ottawa, June 22 (Canadian Press).—Due to general gains in the six major factors, the weekly economic index maintained by the Bureau of Statistics, of the base 1926 equals 100, showed a gain of almost two points for the week ended June 13.

DANDELION STEM 40 INCHES LONG

Angus McKay Finds Giant Weed in His Garden on Olympia Avenue

Angus McKay, F.R.H.S., showed that he could grow weeds just as well as flowers in his lovely garden at 24 Olympia Avenue when he brought up to the newspaper of The Victoria Times what is believed to be the largest dandelion.

The dandelion, or rather the stem of the dandelion flower, was forty inches long.

Mr. McKay claimed that he did not cultivate it specially.

As dandelions are so prevalent at the present time, and in order to en-

courage weeding, the newspaper of The Times will be glad to hear of any other giants of this class.

NEW HOMES IN OAK BAY

Rose Show Is Great Success

H. O. Simpson Has Best Flower; Mrs. Hamber Formerly Opens Exhibition

For the second time in succession a rose grown by H. O. Simpson was chosen from the hundreds of roses in the competitive classes as the best rose in the Oak Bay Rose Society's show, which was held in the Crystal Garden on Saturday afternoon.

Saying simply, "I am very pleased to be here among such a wonderful display of color," Mrs. Eric W. Hamber, wife of the Lieutenant-Governor, officially opened the exhibition at 8.30 o'clock.

She was introduced by David Reid, president of the society. Other members of the committee in charge of the show were on the platform.

The lower ballroom in the Crystal Garden presented a beautiful sight, with literally thousands of roses of all kinds and colors on the tables.

Among the commercial displays, the Layritz Nurseries had a brilliant showing, including some of the newer varieties such as Gordon Climber, a buttercup yellow, and Madame Chambard, a glorious red.

Mr. and Mrs. H. R. Beaven and Mr. and Mrs. M. R. Jamieson combined to put on a beautiful display of named varieties. Other non-competitive exhibits included displays from Col. and Mrs. S. L. McMullen, City of Victoria, W. F. A. Barclay and Mrs. W. C. Nichol.

The flower that was crowned queen of them all was a Paul's Lemon Pillar, a full bloom of wonderful size and shape. W. F. A. Barclay won the coveted prize for the best exhibition bloom.

The decorated tables were a large class and Mrs. Macdonald won with a lovely arrangement in which orange predominated. She had a centre bowl of Countess de Castilla

and Angel Pernet roses, orange candles and lace mats. The table of Mrs. F. G. Hood was a delightful harmony of scarlet orange and blue. Other large classes included the baskets and bowls in which ten and fourteen were entered, respectively. The school display was large, Monterey winning, on account of a larger number of varieties, from Willows School.

The show closed at 9 o'clock in the evening. Officials of the society were well pleased with the attendance.

GULDAHL HAS ROUND OF 64

Shoots Spectacular Golf to Capture Western Open Championship

Davenport, Ia., June 22.—The golf trade can forget all about that little putt Ralph Guldaul "blew" in the 1935 United States open golf title battle and remember instead a spectacular round of 64 strokes that made him the 1936 western open champion.

The twenty-four-year-old professional won his first western and major title yesterday with a courageous finish. His final round, 33-31-64, gave him a 72-hole total of 274, surpassed only by Tommy Armour's tournament record of 273 at Milwaukee in 1929.

He was just ten strokes better than par figures for the rugged layout, and his big round established a new competitive course mark. Ray Mangrum, Dayton, was second with 277.

Whenever Guldaul's name has been mentioned since that day in 1935 at the North Shore Country Club course, it has been recalled that he missed a four-foot putt on the final green, making Johnny Goodman, Omaha, the champion by a single stroke.

HUNDREDS HEAR BRIGADE MUSIC

With hundreds of Victorians scattered under the shade of trees and parked in cars nearby, the band of the Fifth B.C. Coast Brigade yesterday afternoon gave a splendid concert in Beacon Hill Park.

All numbers were well received, including the vocal selections of Arthur Jackson, the assisting soloist. The band was directed by Bandmaster C. Raine.

The programme follows: March, "The Contempts"; overture, "The Beautiful Galathea"; song, "On the Road to Mandalay"; selection from "Robin Hood"; march, "Swampy Poles"; overture, "Maritana"; song, "When Irish Eyes Are Smiling"; selection, "Echoes From the Metropolitan"; waltz, "Destiny."

Chicago, June 22.—Hollywood, Hal Price Headley's speedy brown colt, turned on the steam at the head of the stretch Saturday to win the \$15,000 added Chicago Derby by three-quarters of a length, over the mile and one-quarter distance at Hawthorne, Cal., owned by E. K. Bryson, Baltimore, was second and Holl Image from the Superior Stable third.

CHURCH GARDEN FETE IS HELD

Strawberry Valt, June 22.—The annual church garden party of the St. Columba Anglican Church was held Wednesday afternoon at the home of Mr. and Mrs. Mayfield, Hollywood Road, under the auspices of the women's auxiliary.

Refreshments were served by a committee including Mesdames L. Burrow, F. Stacey and Munroe. Mrs. Stone and Mrs. Deane-Cox were in charge of a home cooking stall.

Staff-Serg. T. H. Riche of the American Coast Defence at Fort Warden, Washington, with his wife and family, and Mrs. Riche's parents, Mr. and Mrs. Holt of Saskatoon, Saskatchewan, returned to their home at Fort Warden after spending a three weeks' vacation in Victoria and Saanich as guests of Mr. Riche's parents, Mr. and Mrs. C. Riche, North Road. They were accompanied home by Mrs. C. Riche, who will spend a short vacation with her son and daughter-in-law at their home.

"Folly and Farewell"

By MARIE BLIZARD

BEGIN HERE TODAY

LINDA BOURNE, twenty years old, pretty, is left almost penniless by the sudden death of her father.

PETER GARDINER, newspaper reporter, helps her get a job writing society news. Linda is in love with DIX CARTER, but he goes abroad to study singing. When Peter asks Linda to marry him she agrees, but postpones the wedding.

MONEY HARMON, film star, comes to Newtown, making a "personal appearance" tour. She buys a scenario written by Peter. Later Linda gives her "body" to Peter, and by expressing ideas that are really Peter's, acquires a reputation for being able to discover new stars. Soon she is a celebrity.

Dix Carter comes to Hollywood to get into films as an actor. Linda tries to help him. To please Dix, she overlooks her disliking for Basil Thorne, invites him to her home.

Peter Gardiner writes a play that is a Broadway success. Later he comes to Hollywood.

NOW GO ON WITH THE STORY

CHAPTER XVII

Linda didn't mean to avoid seeing Pete. There was no reason why she should. On the other hand, she didn't intend to look him up because there was plenty of reason why he should come to see her. They were still friends. It had been more than a year since they had written to each other. And then, when his play had been a success, she had sent him a telegram. She checked that with her secretary.

Pete had been in Hollywood a week. Glida De Lyse had said. Surely in a week he could have gotten in touch with her. Perhaps success had gone to his head. In the days that followed Gretchen's party Linda had heard much more about Gardiner. Glida hadn't exaggerated when she said the girl was crazy about him. At least ten of them asked her if she had seen him. That was enough to make any girl curious. She was very much annoyed that he hadn't called her. She was so annoyed that she found herself thinking of it, even when she was with Dix.

She was lunching with Dix when she first saw him, and it was she who was embarrassed. Pete came directly to her table and held out his hand. "Hello, Linda," he said, as though they had met the day before.

"Hello, Pete," she said. "You remember Dix Carter, don't you?" "I don't think I've met," he hadn't, but of course he knew Dix's name, had heard Linda speak of him. "Will you sit down?" she asked, hoping he wouldn't.

He didn't; he was with some other he had to get back to. Linda looked over her shoulder and saw Honey waiting for him. She couldn't resist saying, "Come in tomorrow night, won't you? I'm having some people I'd like you to meet." She gave him the address and then could have bitten her tongue out.

The next night was the Sunday she had arranged so that Dix might meet Thorne. She wanted all her wits about her, and now she had blundered into facing Pete Gardiner.

She was distraught at dinner. The food, fortunately, was superb. Thorne liked good food and good wine. Linda gave him both. She was careful not to speak of Dix, and careful not to let their conversation approach the personal. And she was pathetically relieved when 10 o'clock came, and her other guests arrived. Dix was with them. He brought the pianist she had insisted upon to accompany him.

Pete did not appear early and she was glad and relieved. She didn't want to force Dix on Thorne's attention, so she waited until nearly midnight before she asked him to sing. Pete Gardiner, distinguished in his dinner jacket and as far apart from the others as he had thought her in those first days in Newtown, came in a few minutes before.

Linda was truly glad to see him. She hadn't time then or freedom of thought to realize that he liked her and that the reason was that . . . that something was different. That Pete treated her as though she was a stranger. Not as though he were in love with her, she would have said if she'd been honest with herself. But why should that matter when Dix's hour was here?

She sat in the shadows, watching him, listening to him while he sang, watching Thorne's face—for the once, inexpressive. Dix was singing

magnificently. How could he help but be impressed?

"Very nice party, Linda," Thorne said, bending over her hand and saying nothing at all about Dix. After that she bade each of her guests good-night, and finally there was only Dix and Pete left.

If Linda hadn't had a job that occupied most of her waking time, she might have filled it to its brimming edge thinking of the social problems presented by the three men in her life.

Each of them took a part of her time. There were the constant reminders of Basil Thorne. His telephone calls intruded on her time at home and at the office. His flowers were a charming daily reminder that she resented deeply. His insistent invitations, which she refused, putting him off gracefully, were unsettling to her peace of mind. She had put herself in his debt to help Dix, and she knew she could not drop him abruptly. And yet she knew that she must do it one day soon.

And there was Dix. It didn't occur to her that when she was too tired to see him, she could find other things to do. Dix was necessary to her; and she must give to him. She found time to give him that she needed for her own rest. She found an accompanist and a dramatic teacher for him. He was scrupulous about not permitting her to pay for either, but he used her apartment for his lessons and her company for his audience.

There was also Pete. Pete Gardiner did not stop for her time. He didn't call her frequently on the telephone and he never sent her flowers. But, none the less, he did occupy much of her thinking time. Linda was annoyed with Pete. She couldn't have told herself why. Running into him at official functions, seeing him with a girl on his arm, finding him the centre of interest at a table not far from her own, she was unreasonably resentful of him. He never did anything to cause her to feel that way. His manner was always courteous and politely strange.

She might have puzzled over it long, and arrived at a right and quick conclusion, left to herself, but she didn't. She waited for him and asked her if she'd "like to picnic."

Linda would very much like to picnic. It was a form of entertainment so simple, it hadn't reached any peak of popularity in her immediate set in Hollywood. It was simple, natural and something she had missed and not known it. In Pete's car, they rode out to the seashore. Not the smart seashore, but a deserted stretch of sand where they lay in the sun, dribbling sand between aimless fingers, and talking about Newtown and never of picture making. Linda felt nostalgia for the home she had left two years before. Unexplainably, she longer for all things as they had been then, and caught herself up remembering that now she had Dix, which made up for everything. There were glimpses between Linda and Pete, and in them Linda's thoughts touched on the changes between them. She was glad Pete had stopped caring for her. She wanted to tell him, but the impulse was born too late.

Flicking his cigarette into the air and watching the arch it described, Pete said, "Linda, I suppose you know I'm still in love with you?" It wasn't really a question.

Linda couldn't help sighing. "I'm sorry, Pete. I didn't know. It simply won't work. You must always have known I cared for someone else. He . . . I . . . when I was engaged to you, it was only because you were good to me. I did care for you . . . but not that way. Dix hadn't found himself, but he has now, and he loves me. I love him. Then, too, Pete, I think you're having a sentimental hangover. I don't believe you feel the same way about me after all this time."

"I'm a better judge of my own feelings, Linda. I do care for you the same way, but I can't treat you the same way. I came out here expecting to find you grown up, hoping the values you must recognize within you would have developed. You think you're a bright girl, a woman of the world. But, on the verge of making the mistake of your life, you close your eyes to the things you must know to be true!"

"The mistake of my life?" Linda raised her eyebrows very slightly. "You mean . . . not accepting your proposal?"

"No," Pete answered shortly between tight lips. "I mean that you can't see what a fool this weak Carter

Weddings

POSKITT-THEXTON

St. John's Church was the scene of a pretty wedding on Friday evening, when Canon F. A. P. Chadwick officiated at the marriage of Gladys, only daughter of Mr. and Mrs. C. E. Thexton, 556 Beta Street, and Kenneth Boyston Poskitt, eldest son of Mr. and Mrs. Poskitt, 1181 Leonard Street. Mr. Jennings Burnett presided at the organ.

Carnations, roses and peonies were the floral decorations. The bride, who was given away by her father, looked lovely in white, satin and lace, with high neck and long puffed sleeves, her veil falling from a coronet of orange blossom. She carried a shower bouquet of pale pink roses and carnations. She was attended by the bridegroom's two sisters, Miss Ivy Poskitt in a dress of orchid net over silk, with hat and gloves of the same material, and Miss Bessie Poskitt in peach net over silk crepe of the same shade with hat and gloves of net. Both carried shower bouquets of sweet pea and pink carnations.

The groom was supported by the bride's brother, Mr. Roy Thexton. The ushers were Mr. T. Hammond and Mrs. W. Scott.

Roses, white carnations and canterbury bells were arranged in the home of the bride's parents for the reception, which followed, the three-tier cake standing on a table arranged with lace cloth and silver vases of pink sweet peas and white carnations. The bride and groom stood beneath a large white bell to receive the congratulations of their friends. The bride's mother wore for the occasion a grey silk dress with hat to match, with corsage of pink carnations. The bridegroom's mother wore plum-colored silk with beige hat and corsage of yellow rosebuds.

For travelling the bride wore a navy blue suit with hat to match and fox fur. After a short honeymoon the couple will reside in Victoria. Out-of-town guests at the wedding were Mrs. Simpson and daughter, Regina; Mrs. Ellis, Vancouver; Mrs. J. Clegg, Miss Lucy Clegg, Miss Eva Clegg and Mr. J. Scott, Alberni.

GERRARD-THOMPSON

At the home of the bride's aunt and uncle, Mr. and Mrs. G. T. Mercer, 3016 Orilla Street, on Saturday evening at 8 o'clock Miss Alice Thompson, elder daughter of the late Mr. and Mrs. P. C. Thompson of Rowland Avenue, Saanich, became the bride of Mr. Edward Gerrard, younger son of Mr. and Mrs. George Gerrard, 855 Fleming Street, Esquimalt. The ceremony was performed by Rev. W. F. McCallie beneath a white arch decorated with orange blossoms. Mrs. M. Pebernatt played the wedding music, and also accompanied Miss Ethel Mercer, cousin of the bride, who sang "All Joy Be Thine" during the signing of the register.

The bride was given in marriage by her uncle, Mr. G. T. Mercer, and wore a smart tailored suit of navy blue tweed, with white felt hat, and white accessories. Miss Isabel Thompson acted as her sister's bridesmaid, and wore a tailored dress of Marina blue silk crepe with white accessories. Mr. Jack Henson acted as groomsmen.

Following the ceremony an informal reception was held. The young couple were assisted in receiving their friends by Mrs. Mercer, who wore a navy blue silk crepe dress and picture hat to match, and Mrs. Gerrard, mother of the groom in a blue

Catholics In Convention In Regina

Canadian Press
Regina, June 22.—At a special session delegates to the sixteenth national convention of the Catholic Women's League of Canada, were addressed yesterday by the Hon. J. M. Uchich, minister of public health of Saskatchewan on "Capital and Labor." Sister Magdalene Barton of the Sisters of Service, Regina, spoke on the teaching of religion by correspondence.

In the morning, delegates attended an inaugural mass, at which they witnessed the elevation of three graduates of the Regina seminary to the priesthood.

At the formal opening of the convention here Saturday night, Archbishop J. P. Monahan of Regina, expressed confidence that much constructive legislation would result from the convention. "Your works of charity, the league's efforts for higher education of young ladies, your stand to rid the moving picture industry of disolbic agencies of destruction, and your stand against legislation, fundamentally immoral, introduced by certain legislatures, proves you have a keen and intelligent love for your country," he told delegates.

Mrs. J. Coffey of Montreal, national president of the league, gave her inaugural address, reviewing League activities. Today there were 767 active subdivisions in Canada, with 32,000 members.

Activities in the field of scholarships, education, study club, and child welfare had been successful, Mrs. Coffey reported. As an example of the League's stand on social morals, she said two letters had been sent to the Postmaster-General of Canada on behalf of the league, protesting against the admittance of salacious literature, barefaced advertising and the importation of contraceptives through the mails. The league's stand against birth control and sterilization had been constantly reiterated, she said.

The Girl Guide movement, fostered by the league, had grown, she said.

G. Hambleton, Canadian Press European Correspondent, Visits Here

George Hambleton, through whose eyes Canadian people have been watching much of the rapidly changing scene in Europe for the last eight years, is a visitor in Victoria today.

Mr. Hambleton is the staff European correspondent of The Canadian Press, the co-operative news organization which supplies the telegraphic dispatches to papers of this country. His signed dispatches often appear in The Victoria Times.

His visit here is in the interests of improving the news service out of Europe, particularly from England, given to Canadian readers. He is making an effort to find out how the desires of people living here can best be met with the facilities available.

Mr. Hambleton went to London

GEORGE HAMBLETON

eight years ago when The Canadian Press decided to enlarge its European service and to balance the press that side of the Atlantic Ocean. Formerly he was in the Ottawa Press Gallery and manager of the Ottawa Bureau for the organization.

Stationed in London since then, he has followed the most moving picture of international events, meeting the statesmen in the headlines, watching behind-the-scenes moves and switching to each centre of action, to Paris, Berlin, or Geneva, as occasion demands.

While the eyes of the world were focussed on the League of Nations during the momentous debates over the Italo-Ethiopian war, Mr. Hambleton was on the spot at Geneva, covering particularly Canada's part as a member of the League.

In the international picture, said Mr. Hambleton, the capture of Ethiopia by Mussolini was only an incident. The main issue was the failure of League sanctions to stop him.

The Ethiopian campaign proved one thing, however, and that was that the force of modern weapons of war had been underestimated by the experts who thought the rugged Ethiopian country and the guerrilla tactics of Haile Selassie's men would cause a much longer engagement.

Saving of the League had now become the most important aim of the peace-loving nations, following its failure to cope with the Ethiopian matter, he explained.

"Of course, you must remember," Mr. Hambleton said, "the League depends on the sincerity of its members. It is not a super-power set up in the middle of Europe. It can only be as strong as the member nations wish it to be."

Questioned regarding the war danger in Europe Mr. Hambleton did not express a direct opinion, but said "some people think there will be war." Europe is arming at a faster rate than ever before in peace time.

Mr. Hambleton explained away a thing that has often puzzled overseas readers about the term sanctions used in connection with League of Nations action against belligerent nations. The word "sanctions" does not appear in the League covenant, he said. It is a term used in France sometimes in reference to penalties in strikes and has come to be used in the League in discussing the regulatory efforts taken by the League.

In this sense it takes on practically the opposite meaning usually given the word in English.

Last night Mr. Hambleton was a dinner guest of the Victoria branch

of the B.C. Institute of Journalists at the New England Cafe. He gave an informal talk afterwards on his ramblings around Europe and his adventures in covering news events of international importance.

TRAVELED ON SUPERLINER

Mr. Hambleton traveled on the new superliner Queen Mary on his present trip home to Canada, covering her first voyage for the Canadian Press.

"Yes, she does vibrate," he said, anticipating the question, "but only a little, and not more than do your ferry boats between here and Vancouver."

Despite the Queen Mary's efficient radio service, newsmen aboard on the first trip had great difficulty getting their dispatches through because of the huge volume of private traffic. One New York correspondent filed a story of the departure from Southampton immediately she sailed and it did not reach his office in New York until the vessel was forty-eight hours at sea.

Women Drivers Thought Best

Jameson Motors to Give Them Chance to Prove It in New Studebakers

Something new in economy fuel consumption driving is announced by Jameson Motors Limited, Studebaker dealers in Victoria. It will start tomorrow and continue until Friday.

While all dealers lay claim to very satisfactory mileage from fuel consumed, it is pointed out by Jameson Motors that all such claims are based on the performance obtained by men drivers. This opens up another side of the question. Are women drivers less skilful than men?

Ben Grossman, sales manager of Jameson Motors Limited, is ready to back his opinion with valuable cash prizes that with a Studebaker Dictator the average woman has a very good chance of beating records established by men drivers.

Asked for his reasons, Mr. Grossman said: "For more than twenty years we have been in the automobile business in Victoria, and during that time we have sold thousands of cars and taught almost as many men and women to drive. Even in the old days, when a passenger car was much more difficult to handle than the modern truck, women were not only apt pupils but they developed into careful drivers."

"Today, developments are to the other extreme. The Studebaker Dictator, with its finger-tip steering and responsive throttle, favors the more sensitive touch of women drivers. It is a car which replaces brute strength with controlled power, and that is why I think that women will surpass men in the mileage obtained under average driving conditions."

All women drivers in Victoria are invited to enter the Studebaker Economy Test Competition with a chance to uphold the driving ability of their sex and earn extra pin money for themselves.

"Draegermen" In Annual Contests

Field Day For Mine Rescue Work Held at Nanaimo

Nanaimo, June 22.—Winners in the events at the twenty-first annual field day of the British Columbia Mines Safety Association received their prizes here Saturday from Attorney-General Gordon Sloan, acting for Hon. G. S. Pearson, Minister of Mines, who was absent in the interior.

Five teams of "draegermen," or mine rescue teams, took part in the events among sixty-one contestants. Capt. T. Eccleston's team from Cumberland won the Mine Rescue Shield and the honor to go to Vancouver for the Jubilee celebrations in July to participate in a mine rescue display at Stanley Park. They had a percentage of 87.2.

Second prize went to Capt. C. Miller's team, Nanaimo, with a percentage of 86; third was won by Capt. W. Lowther's team, Nanaimo, with 84.4 per cent; fourth went to Capt. W. Gillis's team, Reserve Mine, Nanaimo, with 84 per cent, and fifth prize went to Capt. A. Somerville's team of Cumberland, with 83.2 per cent.

The Col. Villiers' Cup (open for men) was captured by Capt. D. Stobbs' team, Nanaimo, second place going to Capt. Smith's team of St. John Ambulance Brigade, Vancouver. Fourteen teams competed.

The Lady Kathleen Cup (for senior ladies, open) was won by Olive Brankston's team, Nanaimo, with Mrs. Mrs. Edith A. Malbone's team, of South Wellington, second. Six teams competed.

The competition for the Comox Logging & Railway Company's Cup was keen, fourteen teams competing, and the problem set for them was an extremely difficult one. The cup was won by the Camp Three team of the Comox Logging & Railway Company, Capt. J. Robertson, Capt. R. J. Smith's team, of the Vancouver St. John Ambulance Brigade, took second prize.

Judges of the mine rescue work were: J. Westfield, of the United States Bureau of Mines, Seattle; James Strang, inspector of mines, Victoria; H. E. Maird, inspector of mines, Fernie, B.C., and George O'Brien, inspector of mines, Nanaimo.

In the junior events for the V.I. M.A. Cup, boys sixteen and under, Capt. W. Nicholson's team, of Cumberland, captured first place. This team also won the McKenzie Cup for novices, men or women, open. Mrs. Edith Malbone's team, South Wellington, was second. There were three women's and five men's teams entered.

The Western Fuel Corporation's Cup for girls sixteen or under, was won by Minnie Cartwright's team, South Wellington, with Lorna Perry's team of Nanaimo, second.

London, June 22.—G. O. Allen, Australian-born middlesex bowler, has been chosen to captain a strong English eleven in the first cricket test match against the touring Indian team. The match, the first of three international encounters, will be held at Lord's, June 27, 29 and 30.

Now that Max Schmeling has exploded the myth, fighters who had been frightened into bad cases of the jitters or retirement are thumping their chests, talking big, warlike again, and issuing defies to all comers.

Schmeling's smashing victory over the embalmbed bomber last Friday at first was regarded as a stunning blow to boxing. But the experts were wrong again. Within twenty-four hours after Louis's defeat, James J. Braddock became a hero again and at least three important fights were as good as closed.

Promotional competition, almost dormant for a year because Promoter Mike Jacobs had a corner on Louis's fighting services, picked up. Madison Square Garden stymied by the lure and pull of the Brown Bomber, called a war council to make a play on the heavyweight promotional market.

The heavyweights championship battle between Champion Braddock and Schmeling will be fought in September. The loser of that fight, according to present plans, will tangle with Louis for the right to meet again for the heavyweight championship prize.

BAER IN PICTURE

Sandwiched between those three engagements will be plenty of activity with Max Baer, feeling foolish because he allowed Louis to score him into defeat, on the comeback.

Disappointed but hardly heartbroken over his crushing setback, Louis was back home in Detroit to-day, while Schmeling loafed, played and made plans for his departure on the zeppelin Hindenburg to-morrow night for Germany, where a hero's welcome awaits him.

One of the happiest men in New York today was Jack Johnson, who has been one of the unhappiest for

the last year. Lil' Arthur was one of the very few ex-fighters to pick Schmeling over Louis.

"They all said I was sour grapes," chuckled Lil' Arthur, "because I said Joe was no great fighter. They said I was sore because I couldn't chisel in on Joe's contract. See now? I said Joe was just one more fighter."

Harry Wills, ex-black panther of the ring, also picked Schmeling, but insisted Louis would come back a greater fighter than ever.

Heavyweight Ring Business Booming

Prospects Aie For One of Busiest Years in History Following Defeat of Louis By Schmeling; Baer Enters Picture Again; Johnson and Wills Picked German to Win

By PAUL MICKELSON

New York, June 22.—Heavyweight fighters, most of them, scared into a coma of inactivity by the spectre of Joe Louis's shadow, jumped out of their storm cellars with such rapidity today that the boxing business promised to produce one of its liveliest years in history.

Now that Max Schmeling has exploded the myth, fighters who had been frightened into bad cases of the jitters or retirement are thumping their chests, talking big, warlike again, and issuing defies to all comers.

Schmeling's smashing victory over the embalmbed bomber last Friday at first was regarded as a stunning blow to boxing. But the experts were wrong again. Within twenty-four hours after Louis's defeat, James J. Braddock became a hero again and at least three important fights were as good as closed.

Electrical Storm Halts Play In British Open Golf Championship

THE SPORTS MIRROR

By PETER BALLAWAY

WHAT A HEADACHE all the experts experienced Friday night when Max Schmeling upset the dope, and did everything but kick the pants off Joe Louis. Sports writers and boxing experts everywhere received the biggest jolt in years. Not a single one of the big shot boxing experts had even as much as suggested Schmeling might win, much less register a knockout. Victory for Louis was considered one of the biggest clinches in the history of the sport. It was to have been just another fight for the negro from Detroit. Schmeling's victory, in one of those things that make experts want to quit "experting."

In whipping Louis, the German scrapper adopted the same tactics he used to register a technical knockout over the late Young Stribling several years ago. It will be remembered that Max took his time working over Stribling, recognized as one of the finest boxers ever developed, and finally landed the finishing punch in the fifteenth round. Friday evening the cool German worked on Louis in the same manner. After taking everything the negro could throw at him in the second and third rounds, Schmeling went to work in the fourth. When he put Louis down in the fourth with a right-hand smash he really won the fight, as the dusky-skinned boy was never the same after. For the next eight rounds, Schmeling pounded Louis into submission with a systematic attack of right-hand blows.

Since his crushing defeat by Schmeling, Louis may find it a lot tougher to win his future bouts so easily. The mental advantage he held over his opponents has vanished. Heavyweights who go up against him now will not be frightened. They will know the dark boy can be beaten and even knocked out. There will be lots of boys willing to tackle Louis now and he will have plenty of fights on his hands if he really wants to keep busy. If Louis has what it takes to make a champion, the defeat will do him no harm. It should make him a smarter fighter.

The day after the fight I met the only man in town who said he predicted the victory.

"What's the matter with those sports editors, all predicting the colored boy would win in a round or two, that Schmeling would be a lamb led to the slaughter," and so on and so on he proceeded.

I listened in great admiration to this lone prophet—the only one right amid thousands.

But two other right fans dropped in and talked fight, too. In the conversation, the secret of this successful prophet was disclosed.

Before a big fight he makes scores of predictions which embrace every possible way the fight could finish. To one of his friends he is bound to make the right forecast.

"I told you so. That's what I predicted the day before the fight," he said gloatingly the day after. "You ask John Smith if I didn't." John Smith being the one to whom he made the right prediction.

And among John Smith and his friends, or those who refer to John Smith to check up, he becomes known as a sure-fire fight prognosticator, especially when the fight ends in a surprise decision.

Lightning Burns Man's Arm; Boy Is Knocked Down

Clubhouse at Wallasey Struck By Bolt; Cotton's Round of 67 Washed Out

GREENS FLOODED BY HEAVY RAIN

Hoylake, Eng., June 22.—A wild electrical storm halted play in the British open golf championship today. One bolt of lightning struck the Wallasey Club house and injured three persons.

One man's arm was burned when the bolt struck. A girl telephoning became temporarily deaf and a British sports writer was knocked off his chair.

The storm forced cancellation of the round of the early-starters in the first eighteen holes of the thirty-hole qualifying round. Today's scheduled round will be played Wednesday.

It came after Henry Cotton, veteran of the golfing wars, had turned in a record smashing 67 over the Wallasey course. The weather also washed out a record 72 set by D. H. R. Martin, Oxford blue, over the lengthened Hoylake course.

GREENS FLOODED

The greens were covered with pools and bunkers filled with water. Players declared it was impossible to continue. Members of the championship committee waded across the flooded lawns in front of the Hoylake clubhouse to attend a meeting after which abandonment of the day's play was announced.

A caddy at Wallasey in the path of the bolt had an umbrella knocked out of his hand and himself was flung heavily to the ground. He was not injured, however.

Rainbow in 1913 and it has been played for each year since. The cup was won last year by Cedric Walker and H. G. Garrett was runner-up.

THE BIG SIX

Johnny Moore, the Phillies' leading clouter, returned to action yesterday after being idle with injuries nearly two weeks, and hit his way back into second place in the National League triad in baseball's "big six" in batting. He got a hit in his one time up as a pinch-hitter to boost his average four points to .364. Breaking a deadlock with Baxter Jordan of the Bees, although the latter had two hits in four trips to the plate. In the American League, Lou Gehrig of the Yankees battled himself back to the 390 mark by getting two hits in four times up, while Rip Radcliff of the White Sox moved into third place, replacing Bill Dickey, Yankees' catcher, by getting three safe blows in four times at bat, boosting his mark nine points to .364.

The standings (three leading hitters in each league):

A. B. R. H. Pct.
Gehrig, Yankees 58 226 74 322 .364

COX DEFEATS PAT MEEHAN

Fans Boo Victor in Main Event on Mat Card; Al Karasick Wins

Using unethical tactics that brought him boos from a packed house, King Cox, master showman and self-styled "tough man," secured the odd fall to defeat Pat Meehan, who hails from Edmonton, in the main event on Saturday evening's wrestling show at the Tiltium gym.

The finish of the bout was very confusing to the fans as well as Meehan. The latter was giving Cox the works just outside the ropes in the fifth round and referee Johnny Pears tapped Meehan on the back. The Edmonton boy, thinking it was the sign of victory, got off his opponent and began to walk away. But it was not the finish, for Cox got up and rushed the unsuspecting Meehan, slammed him down and pressed him to the mat.

Using plenty of rough tactics such as flying fists and elbow butts, Cox got the opening fall in the second round, when he pressed a dazed Meehan to the canvas. Meehan evened matters in the next round with drop kicks and a body press.

Al Karasick, Russian, was the victor in an action crammed, semi-wind-up tilt. He secured two of three falls over "Cannonball" Kitzmiller, Portland. The Oregon man got the first fall in the third canto with a barrage of elbow slams and a body press. Karasick equalized in the next session with elbow, butta, rabbit punches and a body press.

Early in the fifth round Kitzmiller was administering a series of flying tackles on his opponent, when Karasick side-stepped and the Portlander landed on his chest and stomach, to knock himself out. He ended up on the floor and Pears counted him out. The match was fairly rough at times, with Kitzmiller going through his usual routine of trying to throw a chair at his opponent.

Young Des Anderson and young Doc Sarpolis performed in the preliminary bout. Sarpolis won with falls in the first and third rounds.

was still in the hands of the enemy. Casting caution to the winds, he pounded on the entrance with his sword, demanding the Belgians' surrender. The gates opened, the commander of the garrison capitulated, and Ludendorff took possession of the fort in the name of the Fatherland.

Later he received high decorations for his astounding feat of valor and soon rose to a position overshadowing in power the Kaiser himself.

INDIAN WRITING

Strange as it seems, one of the three written Indian languages was invented by Sequoyah, a Cherokee who could neither read nor write in any other language.

Using an old English speller which he did not understand, he devised from it eighty-five characters, each of which represented a definite sound in the Cherokee language. The completed task took him a total of twelve years to complete.

It was in his honor that the giant Sequoia trees of the Pacific Coast were named.

JESSE OWENS SENSATIONAL

Wins Four Events and Sets World Mark at U.S. Collegiate Track Meet

Chicago, June 22.—Sweeping over a field studied with prospective Olympic stars, athletes from the University of Southern California ran rampant in the United States collegiate track and field championships Saturday. Four world records were eclipsed in the two days of competition.

The Trojans, scoring in fourteen of the sixteen events, amassed 104 1-3 points to annex their second successive championship. Ohio State, led by the sensational negro star, Jesse Owens, who won four events himself for forty points, was second with seventy-three points.

Indiana was third with forty-two and Stanford fourth with thirty-two. Bettering the world mark in the 100 metres run, Owens was the individual star of the meet. He opened up his afternoon's performance by winning the broad jump with a leap of 25 feet 10 ½ inches, captured the 100 metres in 10.2 seconds, won the 200 metres run in 21.3, and concluded his day's efforts with a victory in the 220-yard lower hurdles.

Mother of Cook Brothers Passes

Kingston, Ont., June 22.—Mrs. William Cook, mother of Bill and "Bun" Cook of the New York Rangers hockey team, and Alex Cook of the Cleveland Falcons, died suddenly Saturday night at Greystone Manor, near here.

Mrs. Cook was formerly Edith Lally, sister of Joe and Frank Lally, for years noted Cornwall lacrosse players.

NEW MARKS
Whether Owens's performance in the 100 metres will be applied for as a record is questionable owing to wind conditions.

A new world record went up in the discard when Ken Carpenter, Southern California, sailed the platter 173 feet.

Archie San Romani, Kansas State Teachers' College, Emporia, Kas., romped to victory in the 1,500 metres run in 3:53, erasing the mark set by Glenn Cunningham of Kansas City in 1932.

Perry and Budge Win At Wimbledon

Lou Barry Takes Sculling Title

London, June 22.—Lou Barry won the English sculling championship today, defeating the defending titleholder, Ted Phelps, by the wide margin of ten lengths.

The race was over the four and one-quarter mile Putney - to - Mortlake course along the River Thames. Barry's time was 24 minutes 30 seconds.

PATRICK IS IN HOSPITAL

Victoria Athlete Has Operation Performed on Nose Today in Montreal

Montreal, June 22.—Murray "Muzz" Patrick, Victoria, son of Lester Patrick, manager of New York Rangers in the National Hockey League, is definitely lost as a prospect for Canada's Olympic boxing team.

The Dominion heavyweight titleholder arrived in Montreal over the weekend and yesterday evening went into hospital where an operation was to be performed on his nose today. Muzz said he was disappointed at having to have the operation at present and missing the trials for the Canadian Olympic boxing team. Removal of a small bone from his nose will keep him out of the ring for three or four months.

There is a possibility, Patrick said, that he might appear at the Olympic Games for Canada in the capacity of a basketball player. He said he had offered his services to Windsor, Ontario, Canadian basketball champions, who will represent the Dominion at the Olympics and his bid may be accepted.

Patrick was a member of the crack Victoria Blue Ribbons, Canadian champions in 1932.

In New York Muzz trained with heavyweight champion Jim Braddock. "It looks like an even money betting proposition," he said of a match between Braddock and Max Schmeling who defeated Joe Louis Friday night, "but I still like Braddock. He has never gone out of training since winning the championship."

Lowly Brooklyn Dodgers End Winning Streak of Chicago Cubs

National League Champs' String Ends At Fifteen

Van Lingle Mungo Hurts Dodgers to 6 to 4 Win; Giants Whip St. Louis

Detroit Tigers Turn Back Yanks

The pell mell winning streak of the Chicago Cubs has come to an end, but lingering is the evidence that Charley Grimm and company is more than ever the outfit to beat in the National Baseball League pennant wars.

After four other clubs had failed, it took the lowly Brooklyn Dodgers, deep in the cellar, to stop the Cubs' victory run at fifteen straight yesterday, with Van Lingle Mungo, one man revolution and Dodger "goat" of only last week, cast in the role of hero.

So much has the just-ended drive resembled the Cubs' great 1935 stretch, that the odds on the Wrigley Field fliers have been brought down to somewhere slightly above 2 to 1, while those on the St. Louis Cards, the pre-season choice, are headed way up the ladder.

The Cubs went down fighting yesterday, losing 6 to 4 in the nightcap of a trip bill on the strength of two three-run slugs by the Brooklynans, after Curt Davis had turned in a neat five-hit pitching job to take the opener 7 to 2.

By doing this the Cubs missed out on a chance to break into the lead, for the Cardinals got their ears pinned back by Bill Terry's New York Giants for the second straight day, dropping a 6 to 4 decision when Travis Jackson's homer with two on seeped up the New York victory.

HITS TWO HOMERS

The Cubs were a game in front of the pounding Pittsburgh Pirates, who noosed out the Phillies 7 to 6 in a battle in which Arky Vaughan hammered out two homers.

A homer also decided the other National League game, with Wally Berger clubbing the four-bagger to give the Boston Bees their series over the Reds with a final 3 to 2 win. The Reds lost not only the game but their catcher, Ernie Lombardi, when a foul tip injured his finger.

The New York Yankees dropped their second straight decision to the supposedly slumping Detroit Tigers, despite Joe Di Maggio's home run. The loss only cut a half game off the Yanks' five game American League lead, since the second place Red Sox could get no better than an even break in their double bill with the cellar holding St. Louis Browns, who won the nightcap 6 to 3, after Wes Ferrell turned in the day's best pitching performance in the opener, allowing but two hits in a 3 to 0 shutout.

Detroit's victory over the Yanks boosted the Tigers into a fourth place tie, as the Cleveland Indians trounced the Washington Senators 8 to 3 to drive them out of a third-position deadlock. The Philadelphia Athletics, after beating their old teammate, Jimmy Dykes, had just signed again as White Sox manager, clouted his Chicago club 11 to 5 with an eight-run, seventh-inning uprising, which saw the unusual occurrence of a pinch hitter, in this case young Chubby Dean, come up twice in the same frame and get two hits.

COAST LEAGUE

Surging upward on a winning streak which gained twelve victories in the last fourteen starts, the Portland Beavers stormed into third spot today, less than a half game from the Seattle Indians and San Francisco Missions.

The Beavers climaxed a rip scoring week by trouncing the San Francisco Seals, 7 to 2 and 6 to 4, in a Sunday doubleheader to sweep the series with the loss of only one game.

Seattle and the Missions remained in a first place tie when both suffered twin defeats in series finals. The Indians lost to the re-awakened Los Angeles club, 5 to 2 and 5 to 1, and Sacramento's Senators, strengthened by new players, overcame the Missions 10 to 3 and 3 to 0. San Diego completed the rout of Oakland, winning a doubleheader 20 to 4 and 3 to 2.

COWICHAN IN CRICKET WIN

Up-Islanders Defeat Albions Handily; Incogs Down Five C's

Surmounting the 164 total of the Albions, their opponents, for the loss of only four wickets, Cowichan scored a decisive victory in the league cricket match at Beacon Hill on Saturday.

In friendly games, Incogs defeated Five C's by two runs at the University School grounds, while at Macdonald Park the vice-captain's team defeated the captain's eleven in an all-Victoria Club match by twelve runs and two wickets.

Despite a good 75 by Les Gibbons, useful 22 by E. D. Freeman and a 21 by S. Barclay, the Albions were dismissed for 164. Cowichan came in and batted strongly, Fox putting up 75 not out, while Considine added 36, Twite 26, and Leggett 23 as the up-Islanders rolled up a total of 166 for four wickets.

Quinton led Five C's with 40, while Reg Wenman was high man for the Incogs with 33 in the friendly won by the latter eleven.

Arthur Darcus was leading batsman in the Victoria Club game, scoring 42 before he was stumped. Bowlers failed to make particularly sensational showings in any of the three games, although Saunders took three Albion wickets for ten runs and Jack Payne dismissed seven Incogs for forty-eight.

Max Schmeling Exploded the Detroit "Bomber"

Like drops of water wearing away stone, Max Schmeling's strong right fist relentlessly pounded Joe Louis to batter down his resistance and leave him limp and helpless before the end of the twelfth round of their fight in New York on Friday night.

The German's right-hand attack is seen in the top picture—and the Detroit negro's futile effort to counter-attack.

In the lower picture is shown the end. Exhausted and dazed by the barrage of Schmeling's trip - hammer blows, Louis clutches the ropes in a hopeless effort to regain his feet after being knocked out by the German.

OUR MAIL BAG

HELP FOR ATHLETES

To the Sports Editor:—Is there honestly one of us who does not enjoy witnessing some athletic event and who is not thrilled some time during its progress?

At wrestling and boxing bouts, in our excitement we possibly grip or punch those ahead of us and make unkind remarks concerning the tactics used by those within the square ring.

At track and field events we are continually on our toes from the report of the starter's gun to the breasting of the tape.

At the recent basketball games our usual calm manner left us, we were completely carried away by the wonderful exhibition given by the famous Dominioe and after witnessing the games here we followed their progress with keen interest during their eastern trip.

Tomorrow the public of Victoria will again have the opportunity of seeing outstanding amateur athletes perform at Macdonald Park and the Crystal Garden and we should all be justly proud of the fact that among them we have such local talent as Joe Addison, Bill Dale, Paul Rowe, George Andrews, and a number of others whose recent records equal those being made in any part of Canada.

I know we all like to pat a good athlete on the back, shake him by the hand, at the same time voicing our opinion of his superiority over others, but very few of us realize the continual grind of training they undergo before they please us with their performance. Now, the public is going to have the opportunity of showing its sincere appreciation in a practical way by subscribing to a fund that is being raised for the purpose of sending the most promising of our local amateur athletes to participate in the Olympic trials in Montreal shortly, should the money be forthcoming. It is up to the public, please don't fail them.

Victoria is our town and she needs

Mr. Burnett was taken to St. Joseph's Hospital where he was treated by Dr. A. C. Sinclair and later released.

Direct short wave radio communication with the city will be one of the features of the Y.M.C.A. camp equipment at Glens Lake this summer. The women's auxiliary to the "Y" is making arrangements for a short wave set to be installed in the camp and a fully licensed operator, Ellison Queiroz, from the Victoria Short Wave Club, will be in charge. Plans for the camp are about completed. Vivian Shoemaker, boys' work secretary, announced this morning. Registrations are coming in and a successful camp holiday is expected.

Rev. Geo. A. Reynolds yesterday announced to his congregation at First Baptist Church that for the first time in twenty-nine years they were worshipping in a building of their own. Since their last church home on Herald Street was burned down in 1907 First Baptist had been forced by circumstances to occupy rented quarters, he said. Having occupied the former Congregational Church on Quadra Street for several years as tenants of the trustees of the United Church body, purchase of the same was completed a few days ago. Installation of a baptistry and of an entrance ramp will shortly be undertaken. Included in the purchase is the fine pipe organ and all furnishings.

More Relief Money
From Ottawa Asked

B.C. Pays Larger Share in Proportion Than Any Other Province, Says Premier Pattullo; Situation Is Unique

The British Columbia Government will ask Ottawa for special treatment in the matter of relief grants, Premier Pattullo said this morning.

"In proportion to our problem we are paying a bigger share of the relief bill than any other province," the Premier said. "Our fine climatic conditions and the fact that we are the furthest westerly point in the Dominion means that we have to care for a larger number of people in comparison to our population. We cannot control international migration and prevent people coming here so we have to bear the burden."

"We have already pressed this at Ottawa and we will do so again," Hon. Norman McLeod, federal Minister of Labor, is expected on the coast this summer and will be informed of this view, the Premier said. It will also be taken up with the new national unemployment commission.

At the present time British Columbia receives a flat grant of \$223,125 per month from Ottawa toward relief. This is barely one-third of the cost of relief. The municipalities pay one-fifth, leaving the province to pay the remainder.

It has been indicated from Ottawa that a further reduction in the monthly grant will be made, and loans to the provinces to carry their share may be shut down. Relief lists in B.C., however, show only a small reduction from last year, it was pointed out.

Premier to Visit Queen Charlottes and Atlin District Next Month

Starting on what will be a province-wide tour during the summer, in the course of which he will visit practically all ridings, Premier Pattullo plans to leave for northern British Columbia on July 6, he said today.

He will first go to the Queen Charlotte Islands and then fly into the Atlin district. Returning to Vancouver in time for a meeting of the Liberal executive on July 26, the Premier will go into the interior districts in August. From July 1 to 9 he will be in Vancouver to take part in Jubilee ceremonies.

HALF-HOLIDAY
CASE IS HEARD

Keep Stores Open For Tourists, Counsel Urges; Maximum Fines Imposed

Inconsistency in provincial statutes was criticized in the City Police Court this morning in the hearing of the charges against George Straith and W. J. Wilson, clothiers, for violation of the Wednesday Half Holiday Act.

The two stores, which remained open during the recent Wednesday afternoon visit of 1,500 bankers from a Seattle convention, were fined \$10. W. T. Straith appeared for both firms, entering pleas of guilty, after which he addressed the court.

C. L. Harrison, prosecutor, explained the stores had been kept open to accommodate the bankers. Mr. Straith felt it would be in the public interest to mention facts of the case in court. The bankers, before leaving Seattle, telegraphed here to ask that the two stores, and some others, should remain open during the hour of their visit.

Officials of the firms sought to have proper authority to keep their stores open by applying to the City Hall, and when it was discovered no authority could be given, they had decided to accommodate the bankers. Mr. Straith said the stores did a thriving business during the hour the visitors were here.

CLOSED TO VISITORS
The point Mr. Straith wished to emphasize was that these merchants spent hundreds of dollars annually in advertising outside Victoria, and supported publicity organizations, and yet they were denied the right to cater to visitors when they came here. The prime purpose of this advertising was to improve business here, he said.

Mr. Straith agreed that the Half Holiday Act was good legislation, but thought some arrangement might be made whereby clerks could collaborate with merchants to arrange to have extra help employed for the Wednesday afternoons while the regular staffs had their holidays.

Change Rules
For Presidency

Canadian Medical Association Council Approves Wider Qualification

The president of the Canadian Medical Association may now be chosen from any point in Canada, irrespective of the location of the following convention, the council of the association decided in session at the Empress Hotel this morning.

Previously it had been the custom to appoint as president-elect a resident of the city where the next convention was to be held. Members were of the opinion that with steady expansion of the association and extension of the scope of its conventions, there were only a limited number of cities large enough to accommodate the meetings, and that deserving members from smaller cities might be excluded from the presidency without the change.

CLOSER AFFILIATION
The question of having all provincial medical associations enter into closer affiliation with the C.M.A. was also under consideration this morning, and will be up for discussion at this afternoon's session of the council.

Reference was made in this connection to the former Alberta Medical Association which had now become the Canadian Medical Association, Alberta Division.

The possibility of a meeting on Canadian soil in conjunction with the American Medical Association was considered, but no decision was reached. A year ago the Canadian association held its first meeting outside Canada, at a joint convention with the United States body in Atlantic City. The American Medical Association has never yet attended a meeting outside the United States.

At a session on Saturday morning the council passed a resolution of sympathy to the family of the late Dr. J. E. Mason, Seattle, president of the United States association.

ETHICS CODE REVISED
Mention was made at this morning's meeting of the revision of the association's code of ethics which has been considered by an active committee under the chairmanship of Dr. D. A. Stewart, Ninette, Man. The committee reported progress in the consideration of the change in the code, designed to bring this very old set of rules into line with changing social and economic conditions.

The subject will be discussed further at other council sessions. Ceremony will be more colorful at the formal functions of this convention following a report by a committee to the council, on the subject.

The formal funeral of the late Dr. J. E. Mason, Seattle, president of the United States association, was held at the Empress Hotel this morning. The funeral will be held tomorrow morning at the Empress Hotel, at 10:30 o'clock, and proceeding directly to St. Luke's Church, Cedar Hill, where Rev. S. Ryall will conduct the service at 11 o'clock. Interment will be made in the churchyard cemetery.

Gordon Stewart Victim of Tragic Speedboat Accident in Seattle

Gordon Stewart, a former resident of Victoria and latterly one of the outstanding speedboat enthusiasts of Puget Sound, was killed yesterday afternoon at Lake Union, Seattle, when the speedboat he was driving overturned.

At the time of the accident, Mr. Stewart was taking the boat to its mooring. He was accompanied by Harold Goden, to whom he was demonstrating the boat.

The boat overturned, throwing both in the air. Goden was recovered by the harbor patrol but Stewart's body was not recovered for an hour. A bruise on his head indicated he had struck the boat when thrown out.

Mr. Stewart was a resident of Victoria for many years as a boy. He attended North Ward school. He left for Seattle when he was seventeen. He was about thirty-five at the time of his death.

He is survived by his widow, his mother and two sisters, Allie, and Mrs. Heber Beck, all of Seattle.

Adverse absolute of divorce and custody of the two children was granted by Mr. Justice Murphy in Supreme Court today to Madeleine Caroline Bean Irwin, petitioner, against William George Arnold Irwin, respondent.

Officers, men and women of the first, second, third and fourth divisions of the Canadian Expeditionary Forces are invited to attend the first Canadian Corps reunion of the British Columbia unit, to be held at Vancouver in the near future. Those interested are asked to notify the convenor of organizing committee, Mr. Leo Glover, 830 West 15th Avenue, Vancouver, who will submit full particulars.

The chapel was crowded with many sorrowing friends, among them being Mayor Leeming and several aldermen and a number of civic employees. The many floral offerings testified to the high esteem in which Mr. Crossman was held. Interment was in Colwood Burial Park. The following acted as pallbearers: E. Rainaldi, W. Miller, G. H. In the presence of relatives and many friends, the funeral of Orlando Pallantier, who passed away in St. Joseph's Hospital on Friday, took place this morning at 9 o'clock in St. Andrew's Cathedral, where Rev. Father C. T. Albury celebrated mass. The many beautiful floral tributes bore testimony to the popularity of the late Mr. Pallantier. The following acted as pallbearers: L. Vasseras, Ted Bailey, C. Vasseras, G. Zarull, F. Neel, and D. Barbour. The remains were laid to rest in Ross Bay Cemetery.

FREDERICK WILLIAM MIDDLEY
At the family residence, Cadboro Bay, on Saturday, the death occurred of Frederick William Midgley, aged sixty-one years. He was born in England, came to Canada in 1923 and had resided at Cadboro Bay for the last two years. He leaves to mourn his loss his widow, Millie Midgley, and one son, T. N. Midgley of Penikese. The funeral will be held tomorrow morning at the Empress Hotel, at 10:30 o'clock, and proceeding directly to St. Luke's Church, Cedar Hill, where Rev. S. Ryall will conduct the service at 11 o'clock. Interment will be made in the churchyard cemetery.

FRANCIS A. BUTLER
Francis A. Butler passed away at the home, McTavish Road, near Sidney on Saturday night, aged fifty-eight years. He had been a resident of Saanich for the last ten years, and is survived by a widow and three daughters, Mrs. Frank Clear, Esquimalt, and Misses Ellen and Vivienne Butler at home.

Funeral arrangements will be announced later.

One of the strangest plant freaks seen, Linaria, two stems of which had joined together to form a flat blade, was brought up to the newsroom of The Times by Mrs. J. A. Apant, 1007 McCaskill Street, today. The flowers and leaves grew out of both sides of the knife like stem. Mrs. Apant has also a freak poppy. She brought a packet of Oriental poppy seed and out of the sowing came one plant which produced a tiny flower with a huge calyx of leaves.

Two hundred and fifty young people of St. Mary's Church enjoyed the annual picnic at Cadboro Bay, Saturday. During the day many others arrived, some by car and others on bicycles. Games were played and lunch was served at the grounds of the pavilion. A sports programme concluded with a tug-of-war. The races included straight, three-legged, potato and spoon, crawl and 400 yards for the Bible classes. Much credit is due to all responsible for the carrying out of the arrangements, especially Mrs. Burrows, and her army of ladies who looked after the meals, also Mr. Cross and his sports committee. The generosity of many members of the congregation making the picnic possible was appreciated.

William Seiter Tells of Working on Set With Famous Starlet

"Shirley Temple will always be a talented actress, she has a real natural ability—she is not just a precocious kid," said William Seiter, who directed the starlet in her last picture, in an interview at the Empress Hotel this morning.

Mr. Seiter left Victoria this morning for Qualicum Beach, accompanied by his wife, better known as Marion Nixon, the actress.

The new picture, entitled "Beverly Hills," will probably be released in September, Mr. Seiter believed. It would prove an even greater success than "Roberta," the best-received picture which he has yet directed.

"Working with Shirley Temple is a grown-up, except that she treats the whole thing as a game. But she has a real feeling for the meaning of every scene which she acts."

LOVED BY SHIRLEY
Mr. Seiter laughingly quoted the words of the diminutive star, who is now seven years of age, about himself: "I like him because he is so cuddly and his accent is so nice."

He told of the manner in which the little actress went off the set between scenes and played in a corner just like any other child would. He said he had practically no conception of how important she was.

Mr. Seiter directed "If You Could Only Cook," with Herbert Marshall and Jean Arthur, and "The Moon's Our Home." His last picture before "Beverly Hills" was "The Case Against Mrs. Ames," starring Madeleine Carroll.

Mrs. Seiter was this morning wearing an unusual skirt given to her husband by Miss Carroll. It came from Paris, and took the form of a series of newspaper clippings printed in zig-zag pattern on silk.

Senior M.P.P. For City Supports Victoria's Move For Special Consideration

Support of Victoria's claims for a special provincial government grant to compensate the city for potential revenue lost through exemptions on government property and to assist the capital in its beautification work, was vouched by Byron Johnson, senior M.P.P. for Victoria, in a letter received at the City Hall today.

Copies of the city's resolution were forwarded to Mr. Johnson and Hon. John Hart with a request for assistance in forwarding the city's case. "I may say that I have read the resolution very carefully and feel that the representations made are quite fair," Mr. Johnson replied. "I will be very pleased to endorse the resolution and make representations to the provincial government to that effect."

LARGE SPRING

S. N. Dimoline Hooks Thirty-three-pounder in Waters Off Oak Bay

Fishing in the waters off Oak Bay yesterday afternoon, S. N. Dimoline hooked and landed a thirty-three-pound spring salmon, the biggest fish caught to date of this year in local waters. The heavyweight put up a hard struggle before finally giving in to the angler.

Mr. Dimoline had seventy feet of line out when the strike came with only four ounces of lead and was using a Gibbs-Stewart spoon for a lure. He reeled the fish in right to the boat and was about to gaff it when the salmon made a final plunge for freedom. The plunge cracked the angler's rod, but he hauled it into the boat after some careful manoeuvring.

The big fish was on display at Wilson and Lenfesty's fishing tackle store this morning.

Yesterday, with the weather conditions the best anglers have had for a month, many fishermen were out off Oak Bay, Trial Island and Discovery Island. Cohoes made up the majority of catches.

Saanich Inlet drew out scores of anglers but fishing was poor and Jack springs weighing from eight to ten pounds were the only fish caught and scarce at that. However, with the big ones arriving in the Strait waters, anglers are looking forward to them coming into the Arm in the very near future.

Charlie Clarke, accompanied by Mrs. Clarke, enjoyed some excellent trout fishing yesterday in Cowichan Lake. They secured seven fine cut-throat trout. The biggest weighed as high as four pounds. He reported that quite a number of persons were there and catches by use of spinner and worm were pretty good.

Bill Bridgwood got his limit of trout yesterday in the Ripe of the Cowichan River. The fish, on display in Wilson and Lenfesty's window this morning were in excellent condition and some weighed as high as three and one-half pounds.

FIGHT SCENES
AT DOMINION

Louis-Schmeling Pictures
Flown Across Continent For Showing Here

The moving pictures of the Louis-Schmeling fight, which took place in New York Friday evening, will be shown in Victoria at the Dominion Theatre today. They were developed in New York and flown across the continent.

"Sons o' Guns," Joe E. Brown's latest picture, is also showing at the Dominion Theatre.

Besides the mirth-stirring antics of the wide-mouthed comedian, the picture is spiced with the famous martial arts of the original stage play, with tuneful songs by Harry Warren and Al Dubin, sung by Joe E. Brown, Blondell, Winifred Shaw and the Chambers Male Chorus, and riotous dance numbers, all staged by the famous musical comedy producer, Bobby Connolly.

The story is a rollicking comedy romance dealing with the humorous side of doughboy life in France during the World War. The picture is said to be most colorful and picturesque, and is lavishly in production values, staged with more elaborate sets than any previous Joe E. Brown comedy.

Miss Blondell, Miss Shaw and Beverly Roberts are Joe's three wartime sweethearts, while others in the cast include Eric Blore, Craig Reynolds, Joseph King, Robert Barrat, G. P. Huntley Jr. and Frank Mitchell.

CAPITOL THEATRE
"Show Boat" began making records when Edna Ferber's novel climbed into the best seller class and stayed there like a constant star in the fiction firmament. Then the stage play scored a tremendous hit in New York in 1926. Road shows swept across the country in a trail of triumph. Equal success was attained in London when the company went there. Atlas—Charlie Chaplin in "Modern Times."
Capitol—Irene Dunne in "The Show Boat."
Columbia—"The Hoosier Schoolmaster," starring Norman Foster.

Dominion—Fight pictures, Louis vs. Schmeling.
Pia—George Houston in "The Melody Lingers On."
Crystal Garden—Swimming.

"Show Boat" had entertainment qualities which did not dim with time. Now the Universal picture, starring Irene Dunne, is at the Capitol Theatre today.

The Jerome Kern-Oscar Hammerstein music retains its appeal. The songs which are inseparable from the play are featured in the film and three new tunes were created by the same pair for the 1936 screen version.

"The Hoosier Schoolmaster," the Monogram Picture which comes to the Columbia Theatre for a run of three days, starting today, was written by Edward Eggleston, one of Indiana's best-beloved authors. Mr. Eggleston gained his accurate knowledge of rural life during the early years of his life when he was a circuit rider or itinerant minister for the Methodist Church. The rough life of the lowlands of southeastern Indiana was too much for his frail physique so Eggleston turned his attention to literature as a career.

Eggleston became editor of the Hearst and Home Magazine and was the first to introduce fiction into its pages. He achieved instant success with his story "The Hoosier Schoolmaster" and was called to Brooklyn to take over the editorship of The New York Independent.

Also being shown on the same programme as a second feature is "10,000 Minutes," starring Leila Hyams and Roger Pryor.

RECORD MERCY FLIGHT MADE

Stanley McMillan Flies 2,000 Miles in Far North in Two Days

Edmonton, June 22.—Another record in northern aviation was marked up over the weekend when Stanley R. McMillan, chief pilot for Mackenzie air service, flew to Cameron Bay, Great Bear Lake, over 2,000 air-miles in two days, to bring out for hospital treatment a badly crushed leg in the Eldorado Gold Mines camp at La Bine Point. The one-way trip of 1,000 miles to the sub-Arctic silver and radium ore field has been made by pilots in a day before but never the round trip in two days.

With the ice still solid on Great Bear Lake, residents of Cameron Bay blasted an 1,800-foot channel to allow the aircraft to land. The injured man was brought by dog team and sleigh over the ice from the Eldorado camp, seven miles from the settlement, and lifted into the cabin of the big aerial freighter. It was the first flight of the summer season to Great Bear Lake.

Kismet Won Three Yachting Events

M'KINLEY IS BEHIND TIME

Will Arrive Here Thursday Morning; Other Water-front Activities

Delayed at Japanese ports, it will be Thursday morning before the American mail liner President McKinley arrives here from the Orient. W. M. Allan, local agent said today.

The ship was originally scheduled to arrive here Wednesday morning. She is bringing passengers, cargo and mails for Victoria.

For the first time in nearly a month the Ogden Point piers were quiet today. Since June 1, almost all ships have come to Victoria to load lumber for world ports. This month is expected to prove one of the best in years, as far as lumber shipments are concerned.

The tourist rush to the west coast of Vancouver Island started yesterday evening with the departure of the Se. Princess Maquina at 11 o'clock. She took out a good lot of passengers, including many tourists who will go to Port Alice and return here next Sunday.

The Maquina will take two more trips to the West Coast, sailing July 1 and July 11. The July 21 sailing will be taken by the Se. Princess Norah.

Meanwhile the Norah will take a special cruise to Alaska with a party of shriners and will also cruise around Vancouver Island.

This week's sailing to Honolulu and the Orient from Victoria will be taken by the Se. Empress of Canada, which will get away late Saturday afternoon with a large number of passengers.

The Se. Empress of Russia sailed from Yokohama on Saturday afternoon and will arrive here next Monday morning.

PLANE CRASHES ON LINER DECK

Gosport, Eng. June 22.—A royal air force bombing plane crashed on the deck of the liner Normandie today. No one was hurt.

The freak accident occurred while the ship was in Cowes Roads, discharging passengers from New York.

As the bomber plane struck the deck of the liner, it struck the stay of a mast, then fell on the deck across the bow of the ocean vessel.

The pilot, shaken up, went ashore, leaving his airplane on the deck of the Normandie, which left for Le Havre still carrying its unexpected cargo.

Protests Closing Of B.C. Hatcheries

Ottawa, June 22.—Protest against the decision to close federal salmon hatcheries in British Columbia, was made in the House of Commons today by Harry Barber, Conservative, Fraser Valley.

He quoted various authorities, including officials of the Fisheries Department, to show the value of hatcheries. He claimed it was impossible to have commercial fisheries, particularly of salmon, without artificial propagation.

The order to close and sell the hatcheries was issued March 22, the British Columbia member said. The reason given by the government was that artificial propagation of sockeye salmon was too costly in comparison to the commercial results.

He said still speaking when the House adjourned for lunch.

Believe Vessel Went to Bottom

Crew Abandoned Vessel As It Steamed Full Speed Enveloped in Flames

Digby, N.S., June 22.—Fishermen expressed the belief today the flame-swept motorship Selma K. lay at the bottom of the Bay of Fundy. They could find no trace of the vessel abandoned Friday night by Captain Harold Richard of Sable, N.S., and his crew of five.

Loaded with 98,000 feet of lumber, the craft was enroute from Annapolis Royal to Boston when gasoline used for the ship's lighting plant exploded.

Almost immediately flames swept over the boat and the captain, and crew were forced to take to a dory. There was no time to slacken the vessel's engines.

The last the seamen saw of their vessel she was plunging full speed ahead, belching flames into the darkness of the Bay of Fundy.

Engineer Alex Dumphy of Halifax suffered burns about both arms, but the captain and the others, James Guy and Fred Hatcher of Newfoundland and Lindsay Armsworth of Halifax escaped uninjured.

CAPTAIN GOES BACK TO SEA

Ss. California to Be Commanded on Atlantic Voyage By Capt. Van Beek

New York, June 22.—Capt. Theodore Van Beek will be in command of the Panama Pacific Line's big intercoastal liner California for the special trans-Atlantic voyage she will make in July under charter to the United States Lines.

The California will sail from New York July 1 for Southampton, and have in response to the heavy summer season demand for accommodations to Europe. The vessel, regularly employed in intercoastal service, has been undergoing reconditioning at Moore's Shipyard, and the interval between her delivery from the yard and her next scheduled voyage will be sufficient to permit her to make the ocean crossing at a time when demand for space far exceeded the supply.

FIRST ATLANTIC TRIP

This will be the California's first Atlantic crossing and first appearance in a European port, but it will not be the first time Captain Van Beek has commanded one of the Panama Pacific Line's turbo-electric liners.

As relief commander, he was master of the Virginia, a sister ship,
